Chamber Invites Floats

The Christmas season is just around the corner in Antioch and the Antioch Chamber of Commerce and Industry asks that people start entering floats for the second annual

Christmas parade on Saturday, Nov. 30.

Anyone who wants to enter the parade can call Glenda Tomaschik, director of Antioch Parks and Recreation, at (312) 395-2160.

The chamber is seeking volunteers to help build the chamber float. Interested people can call the office at (312) 395-2233. The chamber also seeks volunteers to set up and maintain the second annual Santa's Enchanted Castle, which will open on Nov. 30. It will be located on Toft Ave., near the water tower.

On a first-come, first-served basis, children who enter the castle will receive tickets to attend one of three Christmas movies at the Antioch Theater. Movies will be playing three successive Saturdays (Dec. 7, 14 and 21). Children will also receive coloring books and castle banks. Pictures with Santa are available for \$3.50 each. Santa's Golden book will be at Enchanted Castle's door for all to sign.

Santa is still accepting letters at 100 Toyland Road, Antioch, Illinois, 60002.

The Christmas program is sponsored by State-Bank of Antioch, the First National Bank of Antioch, Century 21—Michael Warren, the Bank of Waukegan (Antioch facility), Lakeland Publishers and the Advertiser.

Maplethorpe Takes Off 1 Hat Jan. 3

by KAREN WILTBERGER

After 32 years of service, Todd Maplethorpe has handed in his resignation of his position as Superintendent of Public Works effective Jan. 3.

The 60-year-old Antioch native, however, will continue to wear his 20-year hat as Antioch fire chief—at least for a few more years.

Maplethorpe said he wants to let somebody younger take over his full-time position while he and his wife, Carol, spend more time together.

The first item on the agenda for the couple is to travel to Spain during spring break. Carol has been teaching Spanish at Antioch Community High School for 34 years.

Divided Grass Lake Race Ends In Draw

A heated race at Grass Lake School with candidates running on two tickets ended in a split vote Nov. 5, indicating that voters chose individual candidates rather than a particular ticket.

Eight candidates vied for four four-year seats and two candidates ran for an unexpired two-year term.

For four-year terms, Mary Beth Walsh, an 11-year board member, was the high vote-getter, with 265 votes. On the same ticket, Robert Mattson, an eight-year board member, secured a seat with 199 votes.

On the other ticket, Judy Hansen, a two-year board member, secured a seat with 219 votes and newcomer Paul Kitto secured a seat with 212 votes.

On one ticket, incumbents Wayne Cramer (185 votes) and James Zegler (177 votes) were defeated. On the other ticket, newcomers Donald Fechtner (171 votes) and Carl Dunfrund (145 votes) were defeated.

Newcomer Mike Christopoulos (196 votes) gained an unexpired two-year seat over newcomer John Handschiegel (190 votes).

Voters Return Veterans To ACHS School Board

Despite much campaigning done by the challengers for the five open seats on the Antioch High School School Board, the incumbents kept their seats, both appointed and elected, in the Nov. 5 election.

Out of 12,622 registered voters, less than 1,200 people went to the polls in this no-issue contest.

Incumbent Julie Portalski was the top vote-getter with 1,112. Unopposed Mike Zeien,

who was appointed to his two-year seat, got a 1,109 vote mandate to keep it.

The other appointed incumbent Tom Fisher kept his seat with 1,097.

Veteran board members Glenn Moore, 915, and Charles Forester, 864, will also retain their board posts.

Active challengers Elizabeth Bates, 726, Russ Lehn, 574, and Larry Siwula, 613, went down for the ballot count.

Footlights A Success Despite Rainy Weather

The 1985 "Footlights—Let the Good Times Roll," sponsored by St. Peter's Parish in Antioch, drew an overwhelming crowd its last weekend, despite rainy weather.

The transformation of 10 school classrooms into entertainment areas drew people of all ages from many communities. More than 500 people participated in helping the community event, for which the donations will offset tuition costs at St. Peter's School.

During the second Footlights weekend, a van traveled every five minutes to pick up people who couldn't find parking closer than the Jewel and Globe parking lots.

One woman who was selling tickets for Footlights said the rainy weather didn't seem to dampen the crowd one bit. In fact, she said, this year is perhaps the largest crowd in four years.

Though no figures were available, Jim Haley, a committee member of Footlights, said the two weekends (Nov. 1, 2 and 8, 9) of entertainment drew more people than the last three years. "We're very pleased with the turnout this year and we're already looking forward to next year," Haley said.

Next year's theme, though nobody knows it yet, is going to be "Footlights around the World," Haley said.

Zoning Change May Start Commercial Development

An Antioch accountant's request to rezone the east side of Rte. 83, south of Rte. 173, may mark the beginning of development on the east strip of Rte. 83 in Township of Antioch, his attorney said.

That strip of land, which is zoned residential, is earmarked for commercial businesses, said attorney William Petty, of Antioch. There is only about 300 feet of land between a busy highway and railroad tracks, he said.

Under the current zoning, the area is mainly vacant land with only a handful of houses, he said.

Accountant James Hamlin has requested that 5.63 acres be rezoned to install an office

building for an accounting firm. It would be changed from a Suburban Residential (SR) and Urban Residential-3 (UR-3) to a Community Business (CB) Zone.

Petty said that one owner of property north of the parcel had been concerned because of possible drainage problems due to built up land and the addition of asphalt. But, he said, under regulations, proper drainage procedures would have to be followed.

The rezoning request has been approved by the Lake County Zoning Board of Appeals and will be reviewed on Dec. 5 by a planning and zoning committee. A final vote is expected by the Lake County Board as soon as January.

Letter To Editor

Hogwash!

Dear Editor:

I am responding to a letter written by Mrs. Carole Mattson of Antioch. I personally contacted Mrs. Mattson regarding her specific objections to the recent column written by Mrs. Harris. I then reread her letter to the paper and read the particular column in question over and over. Frankly, I do not see anything in the column which substantiates Mrs. Mattson's information with

the column nor the paper for running it.

Unlike Mrs. Mattson, I do subscribe to the paper and I have greatly enjoyed all of the Grass Lake News columns written by Mrs. Harris.

Participation in the Homecoming parade was open to all interested people or groups. Five candidates out of ten running for the School Board of District 36 chose to further their campaign by entering the parade. Due to their initiative and foresight to

participate in a function which gave them extended campaign coverage, they

Molesters Look For Women Alone

by GLORIA DAVIS

Most rapists, attackers and psychopathic murderers are looking for a woman alone, reports a family counselor from the Lake County Safe Place. One out of every four adult women have lived alone or will live alone sometime in their lives.

These statistics come from a university study done on the lifestyles of American women. This long list includes young girls out on their own for the first time, divorced women, career women and widowed seniors.

Locally, the recent sexual attack and murder of a young girl from Paddock Lake who was killed while alone in her apartment in Grayslake, has people from both sides of the Wisconsin-Illinois border looking at the perils faced by women who are alone.

According to the crisis center counselor, besides being a member of the physically weaker sex, the fact that women are more trusting makes them a prime victim.

Many women second guess that first flash of feminine intuition that warns that there is danger in a place, a situation, or from some person. They pass it off "feeling silly."

"Always pay attention to that first inclination, feeling silly is better than feeling sorry," advises the counselor.

Contrary to popular belief, stats compiled by the United States Public Affairs Committee and the National Health Service show that not all reported attacks on women happen in dark alleys or lonely streets, more than 55 percent happen in the victim's own home.

A very small minority of rapists are mentally unbalanced. A larger percentage of attacks on women that lead to murder are committed by psychologically unbalanced men.

Of the more than one-half million rapes that occur in this country each year, 53 percent are perpetrated between 8 p.m. and 2 a.m. on Friday and Saturday, maybe a testation to the '80s woman who feels free to travel to social events or frequent singles bars on her own.

A Pennsylvania report shows over half of the reported attacks on women in that state were made by two or more assailants.

Other figures from these federal agencies destroy another popular myth by showing that only four percent of these victims were known to have displayed any kind of female seductiveness.

In another study done by the University of South Carolina, a poll taken by questioning 2,000 women from all walks of life, living in a typical urban-rural southern county, showed that one-fifth of these women had been either sexually assaulted, physically attacked, robbed or else such attempts had been made against them.

If these dangers to women are so eminent why do more and more women, each year, travel, live, go to and from work at a late hour, and go out on the town by themselves?

A late federal census shows that some women live alone to establish their independence. Never before in history have women been capable of holding executive

apartment on nights they are having a male guest."

Young girls taking a job away from home often live alone for awhile simply because that don't know anyone in town to room with.

This situation isn't always the old "young country girl falling prey to the dangers of the big bad city."

In the case of that Grayslake murder, she had moved just 35 miles from the village of a few thousand that she was raised in, to another small town with a population of 5,000, a town she knew well and had worked in for two years.

Women Alone: Joys — Perils

There are women that are just too fussy to live with anyone and women who love solitude when they feel a need for it.

Single and divorced women are not the only ones that choose to go it solo. Don't forget about elderly widowed ladies. Many can't bear to leave the old homestead even though it's much too big, and too hard for them to take care of all alone.

Divorced women with small children also fall into this category where safety is concerned, since children afford little help in threatening situations.

Statistics do not show how many women who are attacked in their own home get that, sometimes fatal, attention from their attacker by being out alone late at night.

News reports often tell that story, one that happens to someone we know or in our own backyard. A girl from western Kenosha County was attacked and knifed in the parking lot of her apartment building in the early morning hours while she was returning from her nighttime job as a radio disc jockey. Her attacker was caught and confessed that he had followed her from an all night supermarket where she had stopped to pickup a few groceries.

Another teenage girl from Kenosha was

murdered at 8:30 p.m., during a robbery, while she was working alone in a self-service gas station.

Many hospitals see that nurses who work the late shift are escorted to their cars, but who escorts them into their house during those lonely hours?

Many restaurants owners see that the same is done for their female bartenders and waitresses, but she can't drive the car into her safely locked apartment.

Now that the female of the '80s is not only accepted, but expected, in singles bars and other entertainment establishments, we read about the girl that finds that that nice stranger wasn't so nice and that perverts and psychopaths do not necessarily look like Jack Palance or act like Boris Karloff.

Remember the case of the girl that left a Kenosha bar to drive home, just over the border in Illinois, only to be followed right into her own driveway by a man she had met in the bar. Right in front of her own home, he forced her into his car and took her back over the border and murdered her.

Conversely, last year there was the case where a young girl was kidnapped in the parking lot of an Lake County bar and taken to an apartment in Kenosha County where she was raped, beaten and murdered.

All these attackers and murderers in these real-life cases were caught, convicted and sentenced, but the girls are still either recovering from a terrible experience or dead.

A few years ago, another young Twin Lakes girl who was attending college out of state and lived in an apartment with roommates often waived to the "nice" man who lived down the hall with his wife and children. He caught her home alone one afternoon and strangled her, making her one of the aforementioned statistics, the ones concerning those "safe" nodding acquaintances.

In the next part of this series on women alone, we will talk about some of the positive things there are about women going it solo, and interview some local ladies who are doing it.

As recently as February of this year, records show that 33 percent of the victims, who either went to the police or a crisis center, (many attacks go unreported) were assaulted by a close neighbor or acquaintance and thousands more, or 22 percent, were killed, raped or robbed, or all three, by men that are at least nodding acquaintances.

Approximately 10 percent of women who live to tell the tale of a brutal attack, suffered it under the unwanted savagery of a relative.

jobs that pay top salaries that enable these career women to live alone in a style that could only be paid for by a man years ago.

There are private women who hate having a roommate that has access to their personal belongings. There are moral women who refuse to have a male roommate, despite the fact that many women's magazines claim that men make better "roomies" because "they can't wear your clothes, steal your boyfriend or make you stay away from the

Chorba Pleads Not Guilty For Charges In Slaying

John Wayne Chorba, the 23-year old suspect held in the Oct. 27 murder of a Grayslake dental assistant, has pleaded not guilty to the murder charge before the Lake County Circuit Court. Chorba's attorney, Assistant Public Defender Joan Pansios, entered a not guilty plea to additional charges of burglary and sexual assault.

Lake County Circuit Court Judge Jack Hoogasian has set a trial date for Jan. 13. A hearing has been scheduled for Dec. 13 at the Lake County Circuit Court in Waukegan.

Hoogasian has said that if Chorba is convicted for murder, the state may possibly seek the death penalty or a sentence of life in prison. According to Hoogasian, the state may also seek extended and consecutive

term sentences for the sexual assault and burglary charges.

Under those sentences, Chorba, if convicted, could receive up to 15 to 30 years for residential burglary and between 30 and 60 years for sexual assault.

25th Anniversary Season

Here's why 600,000 people have already bought an Amstrad.

At \$499.00 for a complete hardware/software package, the Amstrad System could be the only real bargain today in personal computers for business and serious home use.

No wonder 600,000 budget minded people have snapped up an Amstrad System in the past year. It clearly delivers the best PC performance, for the most affordable price.

Gets right down to business.

The Amstrad wastes no time in tackling business problems. It includes WordStar and MailMerge—powerful programs for handling word processing and mail list maintenance. And the popular MultiPlan spreadsheet program for doing financial analysis.

The Amstrad also comes with the widely used CP/M operating system, so you have instant access to over 8,000 programs for all sorts of applications. Then too, if you want to create your own custom software, the easy-to-use BASIC language is provided.

Grows with your ambitions.

You may never need more computer than a basic Amstrad. It comes complete with green screen monitor, separate keyboard with built-in floppy disk drive, and an impressive 128k of internal memory. But if you ever decide to get fancy, there are plenty of low-cost options available. Options like a second floppy disk drive, dotmatrix printer, and color monitor. There are even built-in connectors for adding a joystick, light pen or speech synthesizer. And that's not all.

Adds fun and games for kids of all ages.

Some people think business and pleasure don't mix. But with the Amstrad, you get compatibility with nearly 200 arcade and adventure games which are enhanced by Amstrad's optional color monitor. For education, your kids can use the computer to improve their skills in math, spelling, reading or hundreds of other subjects. Plus with the LOGO language, anyone can learn to write exciting graphics programs.

Includes lots of little "extras."

To help you get started with your new CPC6128, we include a free demo disk, outlining the computer's capabilities and how to take advantage of them. For the serious computer buff, there's also a complete user guide—praised by expert programmers. It's hard to believe so much potential could be crammed into a PC package that's this affordable.

Order your Amstrad System today—complete with WordStar, MailMerge, MultiPlan and all user manuals—for just \$499, including shipping. By the way, if you should happen to need service, you're covered under our full one-year warranty on parts and labor. We'll even Federal Express the Amstrad from and to your home or place of business—at no charge.

Michael Smith

Smitty To Appear

Marty "Smitty" Smith returns to the College of Lake County, Nov. 24, to perform with the CLC Jazz Ensemble as guest soloist.

Smith, from Waukegan, and now a resident of New York, performed with the CLC Jazz Ensemble while a student at the college. He now lives in New York and is considered an up-and-

coming star as a jazz drummer.

In addition to Smith, Bobby Shew, jazz trumpet player from the west coast will be a guest soloist.

The evening begins at 7:30 p.m. in the Orange Court of the CLC main campus. The concert is free and open to the public.

Symphony Features Cellist

Cellist Laurien Laufman, who will be featured in Dvorak's "Concerto for Cello and Orchestra" with the Waukegan Symphony Orchestra, under the direction of Dr. Lynn Schornick, Nov. 23, at the Genesee Theater, has some indirect ties to the orchestra.

The Waukegan Symphony Orchestra will also play Mozart's "Symphony No. 40." The composer wrote this work and symphonies Nos. 39 and 41 in just two short months in 1788.

The concert will begin at 8 p.m. Tickets are \$5 for adults and \$2 for children, students, seniors and military and are available at the Jack Benny Center or at the door.

Chamber To Sponsor Handel's 'Messiah'

Handel's "Messiah," the greatest oratorio ever written, will be presented for one night only, at 8 p.m., on Friday, Dec. 6, at St. Peter's Church in Antioch.

"The Christmas Messiah", under the direction of Maestro Lynn Schornick, who is in his fifth season as the director of the Waukegan Chamber Or-

chestra, marks the second collaboration on Handel's "Messiah" with a fine chorus from Antioch led by Ken Smouse.

Tickets will be available at the State Bank of Antioch, the First National Bank of Antioch and the Chamber of Commerce office beginning Saturday, Nov. 16, adults, \$1.50, seniors and children under 12, \$1.

Seating is limited, therefore tickets will be sold on a first-come-first-serve basis. Call Chamber office, not the banks for more information.

Schedule Music

Cathy Barton and Dave Para will bring their "hand-me-down, heartland" music to the David Adler Cultural Center for two shows, at 7:30 and 9:30 p.m. on Saturday, Nov. 16.

They play mountain and hammered dulcimers, autoharp, banjo and guitar, and their music is old-time, early country and folk.

The David Adler Cultural Center, 1700 N. Milwaukee Ave., Libertyville is a non-profit organization. For information call (312) 367-0707.

Lambs' Bazaar

Santa Claus will host The Lamb's annual Christmas Bazaar at Lambs Farm in Libertyville from 9 a.m. to 5 p.m., Saturday and Sunday, Nov. 16 and 17.

More than 40 artists and craftsmen will be selling hand-crafted items, ranging from stained glass and ceramics to woodworking and quilted items at a variety of prices. Proceeds from the sale will directly benefit The Lambs, a private, not-for-profit program for mentally retarded adults.

The Lambs is located at the junction of the Rte. 1-94 and Rte. 176, two miles east of Libertyville. The show will be held in the banquet rooms of The Lambs Country Inn. Parking and admission to the show are free.

For more information about the Christmas Gift Bazaar, call Lambs' events hotline at (312) 362-6774.

SEQUOITS!! WE ARE PROUD OF YOU!!! You guys played one heck of a game even in that awful nasty weather. It was a little hard on the spectators also but we did not have to mess around on the ground. The poor pom pon girls were real troopers also. **HERE'S TO NEXT YEAR!!**

I am sure everyone went to Footlights '85. Wasn't it just great as usual. The rooms had different atmosphere's than the past years and still were a riot! That group that does the 'ole songs in Bogies Room ought to go Pro! It was a pleasure to listen to as well as watch and dance to. Tricks was fascinating and Oh those banjos! Of course all the food was great and the Sports Room had lots of familiar bartenders! The project is absolutely fantastic-not only what they produce but the opportunity of bringing the Community together by working and having fun all at the same time! It is certainly an event we all look forward to.

Now we can begin thinking about Thanksgiving and you know what that brings us to-Christmas! Can you even believe it is coming Again! The Christmas Tree Lighting Ceremony is the day after Thanksgiving at 7 p.m. in front of the Village Hall. Saturday the 30th at 10:30-Guess Who's Comin' To Town! Even though it is a hectic time and a lot of strain with shopping and getting all the details ironed out-we can not say that it is not a good time. There is something about Christmas in the air that seems to put smiles on peoples faces! It isn't just the Thanksgiving dinner that remains on our minds for the month of December. (leftovers in the frig maybe!) Get out now and start the shopping so that you can enjoy the festivities without worry of shopping. Really enjoy the shopping and shop in Antioch. One can remove the hustle bustle of Malls and see many familiar faces and enjoy your own town!

Talk about a Birthday week-November 4 was Marge Collins, Glenda Tomaschik, and Mike Sterbenz, November 7 Ken Torkelson and November 9 Scotty Lowe ending the week was Bill Carney Jr. and Frank Benes Sr. on the 10th. November 6 was Dick & Millie Stroner's 37th Wedding Anniversary. What a big week it was! I also heard the ole' Nebraska pheasant hunters had a real good time again.

Anyone interested in practice for the Messiah-Practice will be held Nov. 17 and 24 from 2 until 4 p.m. at the Antioch High School Choral room. There is a real need for tenors and basses. Performances are Dec. 6 at St. Peters Church and Dec. 8 at Hawthorne Center. Sure sounds like a good time.

Remember-Get your turkeys!

years I've worked there," Maplethorpe said. "I just can't shut it off."

Maplethorpe will spend about 12 hours a week as fire chief and helping out at the village hall.

"He isn't going anywhere, well maybe a few trips now and then," said Village Clerk Marilyn Sterbenz. "We won't let him leave. His is too young yet."

Maplethorpe's position is to oversee the daily operations of the street department, water and sewage department and parks department. He supervises about a dozen village employees.

Joe Huber, foreman of the street department, who has worked under Maplethorpe

for 10 years, said "All the guys around here call him (Maplethorpe) 'The Grand Master.' He has been a great teacher for everyone here."

Tim Wells, foreman of the sewer and water dept., who has worked under Maplethorpe for 12 years, said, "He is very easy to get along with and very knowledgeable."

"He doesn't have to holler at anyone to get the job done. It just gets done."

Sterbenz said no plans have yet been made to replace Maplethorpe.

The village first hired Maplethorpe 40 years ago as a rookie for the fire department.

Letters To The Editor

(Continued from Page 3A)

many have in fact received a little free publicity. Mrs. Harris was not responsible for the people who were or were not in the parade. I certainly see nothing wrong with candidates campaigning. As I see it, that's the name of the game.

As I read, the column in question many times over, I do not feel Mrs. Harris expressed any political views on her coverage of the parade. She simply did her job by merely highlighting certain aspects of the parade which she felt would be of interest to the residents of Grassy Lake area. She never stated she was for or against those candidates who chose to be in the parade, nor did she ask anyone to vote for a particular person or persons. She did remind us of the election date and urged people to go to the poles. Again I seen nothing wrong with this. One of the purposes of a column of this nature is to inform people of upcoming events in the community.

Like Mrs. Mattson, I too did not major in journalism,

but I know what I like. I definitely like reading news concerning people of my own community. Perhaps Mrs. Mattson does not choose to subscribe to the paper and perhaps Mrs. Harris' column does in fact infuriate her. However, she herself has evidently felt this column useful in the past when she in fact submitted different news items con-

cerning her own family members. So evidently, Mrs. Mattson is only prejudiced against the column when it doesn't specifically suit her purposes.

As far as Mrs. Harris being a School Board member and this column being a conflict of interest I say "Hogwash!"

Cops From 2 States Look For Robbers

Two bank robberies, one in Waukegan and one just over the Wisconsin-Illinois border in Salem, both successfully executed by a lone gunman in broad daylight, seem to have police stymied at least for the present.

According to Lt. Phillip Joiner of the Waukegan Police Dept., the First National Bank of Waukegan was held up by a black male, five-feet-seven inches in height, wearing a black cap and waist-length jacket and dark slacks, at 12:20 p.m. on Nov. 8. According to the teller that he handed a note to demanding money, she never saw a gun but was under the impression he was armed. He then left by walking out of the front door.

Joiner said that reports that the bank's camera was not working and there were no pictures of the robber are false. Film is in the process of being developed.

Lt. Ormson of the Kenosha County Sheriff's Dept. said that his department has the get-a-way car used in the

robbery of the First Bank Southeast, Salem Branch, on Oct. 24. The 1977 brown Cadillac was purchased by the robber but it was not registered and had no license plates when it was found.

The Kenosha Sheriff's Dept. has a description and picture of the man who held a gun on a teller and escaped with \$10,000 from the cash drawer.

He was 35 to 40 years old, between five-feet-eight in-

ches and five-feet-10 inches in height, weighed approximately 200 pounds and had a salt and pepper moustache. He wore a straw hat.

The Waukegan robbery, that netted the robber \$14,000, was the first in the history of the bank. The Salem robbery was the second time that bank has been held-up in five years. The last time the bank was held-up the cameras were not working but the robber was caught and convicted.

Grass Lake Haunted House Earns \$8,500

by ARDEEN HARRIS
(312)395-2761

Thank you to all you kind folks who called last week in regards to the letter to the editor. As most of you realized, my last article was regarding the Antioch Homecoming parade. The following may be old news, but for those involved I'm sure it will be worth reading.

The Haunted House float was really represented with Grass Lake people. Did you catch the dancing witches? The group has really enlarged since last year with the following crazy ladies dancing their way down Main St.: Judy Hansen, Lorrie Christopoulos, Natalie Madden, Darlene Olenick, Judy Fechtner, Cindy Vandrush and Joann Freshman.

The other monsters in the truck and passing out brochures were: Neil Hansen, Dale and Jason Kitto, Corry and Amy Hansen, Danny Wiegel, Nicky Vandrush, Jenny Vandrush, Barry Schugart, Chris Dogan, Monica and Corky Madden, Eddie Lehner, Jenny Harris, Mike Priller, Missy and Deanna Olenick, Jason Paulous and

pumpkin and gourd. Each girl also received an apple, an ear of popcorn and an ear of Indian corn. All of the Brownies participated and had an enjoyable trip.

Eileen Brennan is enjoying her visit from "sunny California" to the cool and rainy days in Antioch. She has been keeping her daughter, Pat Sherwood and grand-daughter, Jackie, busy visiting relatives and seeing the sites of Lake County.

Now on to the current news in the Grass Lake area. The Grass Lake Haunted House made it's goal of \$8,500!! This would not have been possible without the help of the monsters and the construction crew and Pat Priller would once again like to thank everyone involved: co-chairman, Paul Kitto, monster chairman, Shirley Kitto, Chris Priller, Debbie and Craig Campbell, Pete and Aileen Marsala, Dorothy and Jerry Hart, Billy Splitt, Mike Splitt, Debbie and Carl, Mike and Alice Fleming, Danny and JoAnne Fehrenbacher, Bob, Darlene and Tricia Olenick, John Cole, John Freshman, Cindy and Al Vandrush, Joe and

Mattson, Mike Priller, Joe Rohde, Jackie Sherwood and Michele Skrypt.

The seventh grade class on the honor roll are: Shelley Brausam, Tiffany Christopoulos, Ericka Diehl, Jason Kitto, Deanna Olenick, Dan Romanski, Scott Soltis, Marina Stafford and Jenni Vandrush. The Sixth graders on the honor roll are: Rachael Arnold, Matt Freshman, Heidi Grob, Amy Hansen, John Hines, Jim Utinans and Mike Zbylut.

These special students were treated to a McDonald's lunch for their academic achievements. Congratulations to you all!

The Grass Lake PTO meeting has been changed to Thursday, Nov. 14 at 7 p.m. The Emmons PTO is extending an invitation to interested parents and teachers within this northern Lake County region to attend a special PTO meeting on Monday, Nov. 18 at 7:30 p.m. The guest speaker for the evening is Mrs. Betsy Houghton who is currently setting up a drug and alcohol prevention program for parents of children in age from pre-school to high school. Emmons school is located on the corner of Route 59 and Beach Grove Road in Antioch.

Get well wishes to Pat Santiemmo, Millie Morenz and Eileen Stann. These ladies are all recuperating from surgery and doing just fine. Get well wishes also are extended to Robin Rey. On last election day, Carole Mattson asked me to put a get well wish to Joe Lehner wishing him a quick recovery. "Hang in there, Joe!" She also wanted another special message sent to the Sequoit Football team, from Carole "Good Luck, Sequoits - from your Football Moms - this Saturday (last week) Antioch vs. Forest View - We love ya!"

Congratulations to Tim Enright, a senior at Antioch High School. He is the new Mr. Antioch. Tim entered the contest held at Antioch High and took the new title. Friends are calling him "Mr. Antioch" and he well deserved the title. Congratulations!

October 26 was an exciting day for the Alyce's All Star Baton Twirlers. The group participated in the 24th annual Pumpkin Patch Baton Contest in Sycamore, Illinois. It was a great day as once again all the girls walked away with trophies. Miss Pumpkin Patch for ages 0-6 was won by Tara Christopoulos and Miss Pumpkin Patch for ages 10-12 was won by Tiffany Christopoulos.

The other girls winning trophies were Tricia, Deanna and Missy Olenick and Kathy Harris. The group got together and spend a delightful evening at the Stratford Inn in downtown Sycamore. A tour of the Sycamore Court house showed what imagination can do with a basic pumpkin and gourds - can you imagine Cindy Lauper. The next morning Alyce's All Stars were part of the great Sycamore parade, and our own Mr. Clark was in town to watch his wife run the Sycamore marathon.

Don't forget to get your recipes for the Grass Lake Cookbook into Linda Boerman. The bazaar is only a few weeks away, December 1 - are you busy making your crafts?

Todd and his uncle dressed in gorilla costumes and passed out 1,000 pounds of bananas to the runners as they passed by. They wore T-Shirts advertising Talbott's restaurant in Chicago. Did anyone happen to catch them on the tube?

ORDINANCE NO. 85-39

AN ORDINANCE authorizing and providing for the issue of \$1,525,000 Waterworks and Sewerage Revenue Bonds, Series 1986, of the Village of Fox Lake, Lake and McHenry Counties, Illinois, for the purpose of defraying the cost of improving and extending the combined waterworks and sewerage system of said Village, prescribing all the details of said bonds, and providing for the collection, segregation and distribution of the revenues of the combined waterworks and sewerage system of said Village.

PREAMBLES

WHEREAS, the Village of Fox Lake, Lake and McHenry Counties, Illinois (the "Village"), has provided by ordinance for the combination of its municipally-owned waterworks system and its municipally-owned sanitary sewerage system and for the operation thereof as a single utility (the "System" as more completely hereinafter defined), in accordance with the provisions of Division 139 of Article 11 of the Illinois Municipal Code, as supplemented and amended; and

WHEREAS, the President and Board of Trustees of the Village (the "President and Board of Trustees") has determined that it is advisable, necessary and in the best interests of public health, safety and welfare to improve and extend the System, including the acquisition of the Fox Lake Utilities Company properties, the acquisition and installation of iron removal equipment in Well No. 4, watermain extensions, and by the acquisition of land or rights in land and all electrical, mechanical and other services necessary, useful or advisable to the construction program and bond discount, legal, financing, refunding and administrative expense (the "Project") all in accordance with the agreement, plans and estimates of cost therefor as negotiated, and as prepared by the Village engineers, which have been approved in preliminary form by the President and Board of Trustees and are now on file in the office of the Village Clerk for public inspection; and

WHEREAS, the estimated costs of the Project, as defined are \$1,525,000; and

WHEREAS, there are insufficient funds on hand and lawfully

available to pay costs of the Project, and such costs are expected to be defrayed by \$1,525,000 proceeds of bonds payable from the revenues of the System (the "Revenues" as hereinafter more completely defined) and issued pursuant to the Illinois Municipal Code, as amended; and

WHEREAS, pursuant to Ordinance No. 77-8, passed by the President and Board of Trustees on June 6, 1977 (the "1977 Bonds Ordinance") and a resolution confirming sale, passed August 9, 1977, the Village has issued \$4,300,000 Waterworks and Sewerage Revenue Bonds, Series of 1977 (the "1977 Bonds"), of which \$3,800,000 are now outstanding; and

WHEREAS, the 1977 Bonds were issued, in part, to refund certain Waterworks and Sewerage Revenue Bonds, dated May, 1959, of the Village (the "Refunded Bonds of 1959") in advance of the maturity thereof, by the irrevocable deposit in escrow of cash and direct full faith and credit obligations of the United States of America the principal of and interest on which, when and as received, would be sufficient to pay the principal of and interest on the Refunded Bonds of 1959; such deposit in escrow with the First National Bank of Antioch, Antioch, Illinois, was duly made upon the issuance of the 1977 Bonds and provision for the payment of the Refunded Bonds of 1959 duly made; and

WHEREAS, \$440,000 Refunded Bonds of 1959 remain outstanding and to be paid out of such escrow as some mature serially up to May 1, 1999, and, until final payment thereof, the Refunded Bonds of 1959 have a prior lien on the Revenues; and

WHEREAS, because of the provision for payment of the Refunded Bonds of 1959 from such escrow, the Village has since the issuance of the 1977 Bonds and does now operate the System in accordance with the provisions of the 1977 Bonds Ordinance; and

WHEREAS, there have been and are continuing no defaults under either said escrow or the 1977 Bonds Ordinance; and

WHEREAS, the 1977 Bonds Ordinance authorizes the issuance of additional bonds to share ratably and equally within the Revenues upon several conditions being met, the pertinent conditions being as follows:

A. The amounts required to be credited monthly to the respective accounts (a) to (d), inclusive, of Section 8, provided for by the 1977 Bonds Ordinance, must have been credited in full to the date of adopting the ordinance authorizing the issuance of such additional bonds.

B. When an independent consulting engineer will certify to the President and Board of Trustees that estimated future net earnings of the combined waterworks and sewerage system for the average of three (3) fiscal years following completion of the improvements and extensions will be not less than one hundred thirty per cent (130%) of the maximum combined principal and interest requirements for any succeeding fiscal year on all bonds then outstanding and on a parity therewith and on the additional bonds proposed to be issued.

The term "estimated future net earning" for the purpose of this subsection will be deemed to be gross revenue from existing users of the combined system plus estimated new users of the system verified by contracts for service filed with the President and Board of Trustees and based on rates and charges then in effect, less estimated operation and maintenance expenses for the aforesaid three (3) fiscal years following completion of the proposed improvements and extensions.

and

WHEREAS, the amounts required to be credited as set forth in part A of the preceding paragraph have been so credited to the date of adoption hereof, and the engineer's certification as set forth in part B is being prepared and will be filed with and approved by the President and Board of Trustees prior to sale of the bonds hereinafter authorized; and

WHEREAS, based upon the foregoing facts, the President and Board of Trustees hereby finds that it may authorize the issuance of \$1,525,000 Waterworks and Sewerage Revenue Bonds as hereinafter provided for to share ratably and equally in the Revenues; and

WHEREAS, pursuant to and in accordance with the provisions of Division 139 of Article 11 of the Illinois Municipal Code, as supplemented and amended, the Village is authorized to issue waterworks and sewerage revenue bonds in the aggregate principal amount of \$1,525,000 for the purpose of paying the costs of the Project:

NOW, THEREFORE, Be It Ordained by the President and Board of Trustees of the Village of Fox Lake, Lake and McHenry Counties, Illinois, as follows:

Section 1. Definitions. The following words and terms used in this ordinance will have the following meanings unless the context or use clearly indicates another or different meaning is intended:

"Act" means the Illinois Municipal Code, as supplemented and amended (Ill. Rev. Stat. Ch 24, 1-1-2 et seq.) and in particular, Division 139 of Article 11 thereof.

The Bonds will bear interest from their date until the principal amount of the Bonds is paid, such interest (computed upon the basis of a 360-day year of twelve 30-day months), being payable on May 1, 1986, and semiannually thereafter on May 1 and November 1 of each year. Interest on each Bond will be paid by check or draft of the Bond Registrar, payable upon presentation in lawful money of the United States of America, to the person in whose name such Bond is registered at the close of business on the 15th day of the month next preceding the interest payment date. The principal of and premium (if any) on the Bonds will be payable upon presentation in lawful money of the United States of America at the principal corporate trust office of the Bond Registrar.

Section 6. Redemption. The Bonds due on May 1 of the years 1997 to 2005, inclusive, are subject to redemption and payment prior to their maturity, at the option of the Village, in whole or in part, from any available funds, on May 1, 1996, or on any interest payment date thereafter, and if in part, in an amount which is equal to at least \$5,000 or is an integral multiple thereof, in inverse order of maturities and within any maturity by lot to be selected by the Bond Registrar as hereinafter provided, at the redemption price of par and accrued interest to the date fixed for redemption.

The Village will, at least 45 days prior to the redemption date (unless a shorter time period will be satisfactory to the Bond Registrar), notify the Bond Registrar of such redemption date and of the principal amount of Bonds to be redeemed.

The particular Bonds or portions thereof to be redeemed will be selected by lot not more than 60 days prior to the redemption date

by the Bond Registrar. For purposes of any redemption of less than all of the Bonds of a single maturity, the particular Bonds or portions of Bonds to be redeemed will be selected by lot not more than 60 days prior to the redemption date by the Bond Registrar for the Bonds of such maturity by such method of lottery as the Bond Registrar will deem fair and appropriate; provided, that such lottery will provide for the selection for redemption of Bonds or portions thereof in principal amounts of \$5,000 or integral multiples thereof so that any \$5,000 Bond or \$5,000 portion of a Bond will be as likely to be called for redemption as any other such \$5,000 Bond or \$5,000 portion.

The Bond Registrar will promptly notify the Village in writing of the Bonds or portions of Bonds selected for redemption and, in the case of any Bond selected for partial redemption, the principal amount thereof to be redeemed.

Unless waived by the owner of Bonds to be redeemed, notice of any such redemption will be given by the Bond Registrar on behalf of the Village by mailing the redemption notice by registered or certified mail not less than thirty days and not more than sixty days prior to the date fixed for redemption to each registered owner of the Bond or Bonds to be redeemed at the address shown on the Bond Register or at such other address as is furnished in writing by such registered owners to the Bond Registrar.

All notices of redemption will include at least the information as follows:

- (1) the redemption date;
- (2) the redemption price;
- (3) if less than all of the Bonds of a single maturity are to be redeemed, the identification (and, in the case of partial redemption of any Bonds, the respective principal amounts) of the Bonds to be redeemed;
- (4) a statement that on the redemption date the redemption price will become due and payable upon each such Bond or portion thereof called for redemption and that interest thereon will cease to accrue from and after said date; and
- (5) the place where such Bonds are to be surrendered for payment of the redemption price, which place of payment will be the principal corporate trust office of the Bond Registrar.

Prior to any redemption date, the Village will deposit with the Bond Registrar an amount of money sufficient to pay the redemption price of all the Bonds or portions of Bonds which are to be redeemed on that date.

Notice of redemption having been given as aforesaid, the Bonds or portions of Bonds so to be redeemed will, on the redemption date, become due and payable at the redemption price therein specified, and from and after such date (unless the Village shall default in the payment of the redemption price) such Bonds or portions of Bonds will cease to bear interest. Upon surrender of such Bonds for redemption in accordance with said notice, such Bonds will be paid by the Bond Registrar at the redemption price. Interest due on or prior to the redemption date will be payable as herein provided for payment of interest. Upon surrender for any partial redemption of any Bond, there will be prepared for the registered owner a new Bond or Bonds of the same maturity and rate of interest in the amount of the unpaid principal.

If any Bond or portion of Bond called for redemption shall not be so paid upon surrender thereof for redemption, the principal, and premium, if any, will, until paid, bear interest from the redemption date at the rate borne by the Bond or portion of Bond so called for redemption. All Bonds which have been redeemed will be cancelled and destroyed by the Bond Registrar and will not be reissued.

Parity Bonds hereinafter issued pursuant to the terms hereof may be redeemable at such times and upon such terms as may be determined at the time of authorization thereof.

Section 7. Amendment. The rights and obligations of the Village and of the holders and registered owners of Outstanding Bonds may from time to time be modified or amended by a supplemental ordinance adopted by the President and Board of Trustees with the written consent of the holders or registered owners of not less than two-thirds (2/3rds) of the principal amount of all Outstanding Bonds (excluding any of said Bonds owned by or under the control of the Village); provided, however, that no such modification or amendment will extend or change the maturity of or date of redemption prior to maturity, or reduce the interest rate on, or permit the creation of a preference or priority of any Outstanding Bond or Outstanding Bonds over any other Outstanding Bonds; or otherwise alter or impair the obligation of the Village to pay the principal of and interest on any of the Outstanding Bonds at the time, place, rate, and in the currency provided therein, or alter or impair the obligations of the Village with respect to registration, transfer, exchange, or notice of redemption of Bonds, without the written consent of the registered owners of all the Outstanding Bonds affected; nor will any such modification or amendment reduce the percentage of the registered owners of Outstanding Bonds required for the written consent of such modification or amendment without the written consent of the registered owners of all of the Outstanding Bonds.

Each such consent must be accompanied by proof of ownership of the Bonds for which consent is given, which proof must be in a form approved by the President and Board of Trustees, and each such consent and proof of ownership must be on file with the Village Clerk prior to the adoption of such modifying or amendatory ordinance.

Section 8. Execution; Authentication. The Bonds will be executed on behalf of the Village with the manual or facsimile signature of the President and attested with the manual or facsimile signature of the Village Clerk, as they may determine, and will have impressed or imprinted thereon the corporate seal or facsimile thereof of the Village. In case any officer whose signature will appear on any Bond shall cease to be such officer before the delivery of such Bond, such signature will nevertheless be valid and sufficient for all purposes, the same as if such officer had remained in office until delivery.

All Bonds will have thereon a certificate of authentication substantially in the form hereinafter set forth duly executed by the Bond Registrar as authenticating agent of the Village and showing the date of authentication. No Bond will be valid or obligatory for any purpose or be entitled to any security or benefit under this ordinance unless and until such certificate of authentication shall have been duly executed by the Bond Registrar by manual signature, and such certificate of authentication upon any such Bond will be conclusive evidence that such Bond has been authenticated and delivered under this ordinance. The certificate of authentication on any Bond will be deemed to have been executed by it if signed by an authorized officer of the Bond Registrar, but it will not be necessary that the same officer sign the certificate of authentication on all of the Bonds issued hereunder.

Section 9. Registration of Bonds; Persons Treated as Owners. The Village will cause the Bond Register as provided in this ordinance to be kept at the principal corporate trust office of the Bond

Registrar, to be hereafter named. The Village is authorized to prepare, and the Bond Registrar or such other agent as the Village may designate will keep custody of, multiple Bond blanks executed by the Village for use in the transfer and exchange of Bonds.

Upon surrender for transfer of any Bond at the principal corporate trust office of the Bond Registrar, duly endorsed by, or accompanied by a written instrument or instruments of transfer in form satisfactory to the Bond Registrar and duly executed by, the registered owner or his attorney duly authorized in writing, the Village will execute and the Bond Registrar will authenticate, date and deliver in the name of the transferee or transferees a new fully registered Bond or Bonds of the same maturity and rate of interest of authorized denominations, for a like aggregate principal amount. Any fully registered Bond or Bonds may be exchanged at said office of the Bond Registrar for a like aggregate principal amount of Bond or Bonds of the same maturity and rate of interest of other authorized denominations. The execution by the Village of any fully registered Bond will constitute full and due authorization of such Bond; and the Bond Registrar will thereby be authorized to authenticate, date and deliver such Bond; provided, however, the principal amount of Outstanding Bonds of each maturity authenticated by the Bond Registrar will not at any one time exceed the authorized principal amount of Bonds for such maturity less the amount of such Bonds which have been paid.

The Bond Registrar will not be required to transfer or exchange any Bond during the period from the fifteenth day of the month next preceding an interest payment date to such interest payment date, or to transfer or exchange any Bond after notice calling such Bond for redemption has been mailed, or to transfer or exchange any Bond during a period of fifteen days next preceding mailing of a notice of redemption of any Bonds.

The person in whose name any Bond will be registered will be deemed and regarded as the absolute owner thereof for all purposes, and payment of the principal of or interest on any Bond will be made only to or upon the order of the registered owner thereof or his legal representative. All such payments will be valid and effectual to satisfy and discharge the liability upon such Bond to the extent of the sum or sums so paid.

No service charge will be made for any transfer or exchange of Bonds, but the Village or the Bond Registrar may require payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection with any transfer or exchange of Bonds except in the case of the issuance of a Bond or Bonds for the unredeemed portion of a Bond surrendered for redemption.

Section 10. Form of Bond. The Bonds will be in substantially the form hereinafter set forth; provided, however, that if the text of the Bond is to be printed in its entirety on the front side of the Bond, then paragraph (2) and the legend, "See Reverse Side for Additional Provisions", will be omitted and paragraphs (6) through (15) will be inserted immediately after paragraph (1).

**Village of Fox Lake, Lake and

Waterworks and Sewerage
Revenue Bond, Series 1986**

(6) This bond and the bonds of the series of which it forms a part ("Bond" and "Bonds" respectively) are of an authorized issue of \$1,525,000, of like dated date and tenor except as to maturity, rate of interest, and privilege of redemption. The Bonds are payable solely from the Revenues, as defined in the hereinafter defined Ordinance, derived from the operation of the waterworks and sewerage system of the Village (the "System", as defined in the hereinafter defined Ordinance), after payment of Operation and Maintenance Costs, as defined in the hereinafter defined Ordinance, and not otherwise, and are issued under authority of the provisions of Division 139 of Article 11 of the Illinois Municipal Code, as supplemented and amended (the "Act"), for the purpose of paying the cost of a Project relating to construction of improvements and extensions to the System. The Bonds are issued pursuant to Ordinance Number 85-39, passed by the President and Board of Trustees of the Village on the 4th day of November, 1985 (the "Ordinance"), to which reference is hereby expressly made for further definitions and terms and to all the provisions of which the holder by the acceptance of this Bond assents. This Bond does not constitute an indebtedness of the Village within the meaning of any constitutional or statutory provision or limitation.

(7) Under the Act and the Ordinance, the Revenues will be deposited into the Waterworks and Sewerage Fund, which will be used only and is hereby pledged for paying Operation and Maintenance Costs, paying the principal of and interest on all bonds of the Village that are payable by their terms only from the Revenues, providing an adequate depreciation fund, and in making all payments required to maintain the accounts established under the terms of the Ordinance. Parity Bonds, as defined in the Ordinance, may be issued pursuant to the terms of the Ordinance.

(8) The Bonds, certain 1977 Bonds, as defined in the Ordinance, and all Outstanding Bonds, as defined in the Ordinance, issued and authenticated pursuant to the Ordinance are co-equal as to the lien on the Revenues for their payment and share ratably, without any preference, priority, or distinction, the one over the other, as to the source or method of payment and security of same, but are subject and subordinate to the rights of the holders of certain Refunded Bonds of 1959, as defined in the Ordinance, to a prior claim on the Revenues pending the final payment of the principal of and interest on the such bonds. Cash and investments have previously been deposited into an irrevocable escrow account in an amount adequate for that purpose.

(9) The rights and obligations of the Village and of the holders and registered owners of the Outstanding Bonds may from time to time be modified or amended by a supplemental ordinance adopted by the President and Board of Trustees of the Village with the written consent of the holders or registered owners of not less than two-thirds (2/3rds) of the principal amount of all the Outstanding Bonds (excluding any of said Bonds owned by or under the control of the Village); provided, however, that no such modification or amendment will extend or change the maturity of or date of redemption prior to maturity, or reduce the interest rate or premium on, or permit the creation of a preference or priority of any Outstanding Bond or Outstanding Bonds over any other Outstanding Bond or Outstanding Bonds; or otherwise alter or impair the obligation of the Village to pay the principal of or interest on any of the Outstanding Bonds at the time, place, rate, and in the currency provided therein or alter or impair the obligations of the Village with respect to registration, transfer, exchange, or notice of redemption of Bonds, without the written consent of the registered owners of all the Outstanding Bonds affected; nor will any such modification or amendment reduce the percentage of the registered owners of Outstanding Bonds required for the written consent to such modification or amendment without the written consent of the registered owners of all of the Outstanding Bonds.

(10) The Bonds due on May 1 of the years 1997 to 2005, inclusive, are subject to optional redemption at the option of the Village in whole or in part, from any available funds, on May 1, 1996, or on any interest payment date thereafter, and if in part, in an amount which is equal to at least \$5,000 or is an integral multiple thereof, in inverse order of maturities and within any maturity by lot to be

selected by the Bond Registrar as required in the Ordinance, at the redemption price of par and accrued interest to the date fixed for redemption.

(11) Notice of any such redemption will be sent by registered or certified mail not less than thirty (30) days nor more than sixty (60) days prior to the date fixed for redemption to the Registered Owner of each Bond to be redeemed at the address shown on the registered books of the Village maintained by the Bond Registrar or at such other address as is furnished in writing by such Registered Owner to the Bond Registrar. When so called for redemption, this Bond will cease to bear interest on the specified redemption date, provided funds for redemption are on deposit at the place of payment at that time.

(12) The Bonds are issued in fully registered form in the denomination of \$5,000 and authorized integral multiples thereof. This Bond may be exchanged upon presentation and surrender at the principal corporate trust office of the Bond Registrar for a like aggregate principal amount of Bonds of the same maturity and rate of interest of other authorized denominations but only in the manner, subject to the limitations, and upon payment of the charges provided in the Ordinance.

(13) This Bond is transferable by the Registered Owner hereof in person or by his attorney duly authorized in writing at the principal corporate trust office of the Bond Registrar in but only in the manner, subject to the limitations, and upon payment of the charges provided in the Ordinance, and upon surrender and cancellation of this Bond. Upon such transfer a new Bond or Bonds of authorized denominations of the same maturity and rate of interest and for the same aggregate principal amount will be issued to the transferee or transferees.

(14) The Bond Registrar will not be required to transfer or exchange any Bond during the period from the fifteenth day of the month next preceding an interest payment date to such interest payment date, or to transfer or exchange any Bond after notice calling such Bond for redemption has been mailed, or to transfer or exchange any Bond during a period of fifteen days next preceding mailing of a notice of redemption of any Bonds.

(15) The Village and the Bond Registrar may deem and treat the Registered Owner hereof as the absolute owner hereof for the purpose of receiving payment of or on account of principal hereof, premium, if any, hereon and interest due hereon and for all other purposes, and neither the Village nor the Bond Registrar will be affected by any notice to the contrary.

Section 11. Bonds Limited Obligations. The Bonds will be payable solely from the Net Revenues as derived from the operation of the System, and will not constitute an indebtedness of the Village within the meaning of any constitutional or statutory limitation.

Section 12. Waterworks and Sewerage Fund and Accounts Thereof. Upon the issuance of any of the Bonds, the System will continue to be operated on a Fiscal Year basis. All of the Revenues will be set aside as collected and be deposited into a separate fund and in an account in a bank to be designated by the President and Board of Trustees, which fund has heretofore been created and established pursuant to the provisions of the 1977 Bonds Ordinance and is therein designated as the "Waterworks and Sewerage Fund" (the "Waterworks and Sewerage Fund") of the Village. Such fund is hereby continued and to be maintained and will constitute a trust fund for the sole purpose of carrying out the covenants, terms, and conditions of the 1977 Bonds Ordinance and this ordinance, and will be used only in paying Operation and Maintenance Costs, providing an adequate depreciation fund, paying the principal of and interest on all revenue bonds of the Village which by their terms are payable solely from the Revenues, and providing for the establishment of and expenditure from the respective accounts as hereinafter described.

Section 13. Flow of Funds. There are hereby continued and maintained the separate accounts in the Waterworks and Sewerage Fund created by the 1977 Bonds Ordinance and designated therein as the "Operation and Maintenance Account," the "Bond and Interest Account," the "Depreciation, Replacement and Contingencies Account," the "Bond and Interest Reserve Account," and the "Surplus Account," to which there will be credited or deposits made on or before the tenth day of each month by the financial officer of the Village, without any further official action or direction, in the order in which said accounts are hereinafter mentioned, all moneys held in the Waterworks and Sewerage Fund, in accordance with the following provisions:

(a) Operation and Maintenance Account:

There will be credited to the Operation and Maintenance Account an amount sufficient to pay the expenses of operation, maintenance and repair of said combined waterworks and sewerage system for the next succeeding month, which will include, without limiting the generality of the foregoing, the payment of salaries, wages, cost of materials and supplies, purchase of power, insurance, and including one-twelfth of all such expenses computed on an annual basis.

(b) Bond and Interest Account:

After making any payments required for the benefit of the Refunded Bonds of 1959, there will next be deposited in the Bond and Interest Account an amount at least equal to one-sixth of the interest becoming due and payable on the 1977 Bonds, the Bonds, and all Parity Bonds, until there is on hand in said account the full amount of the interest payable on the next succeeding interest payment date. There will also be deposited in the Bond and Interest Account an amount at least equal to one-twelfth of the aggregate yearly amount of principal due or subject to mandatory redemption and payable on said 1977 Bonds, the Bonds, and all Parity Bonds on the next succeeding principal maturity or mandatory redemption date, until there is on hand in said account the full amount of the principal becoming due or subject to mandatory redemption on the next succeeding principal maturity or mandatory redemption date.

Deposits in the Bond and Interest Account may be suspended in any Fiscal Year at such time as there will be sufficient money in said account to pay principal and interest for the balance of such Fiscal Year, but such payments will again be resumed at the beginning of the new Fiscal Year.

All moneys in said account will be used only for the purpose of paying interest and principal on the 1977 Bonds, the Bonds, and all Parity Bonds.

Funds sufficient to pay interest and principal, or both, of said bonds, together with any fees, will be transmitted to the Bond Registrar not less than five (5) days prior to each current maturity or mandatory redemption date of principal or interest, or both.

(c) Depreciation, Replacement and Contingencies Account:

There will next be credited to the Depreciation, Replacement and Contingencies Account the sum of \$4,375 (which is inclusive of the amount required under the provisions of the 1977 Bonds Ordinance) each month until such account aggregate the sum of \$437,500. Thereafter, no additional funds will be credited to such account, except that when any money is paid out of such account credits to said account will be resumed at the monthly rate and continued until such account has been restored to the aggregate amount of \$437,500.

Moneys credited to said Depreciation, Replacement and Contingencies Account will be used for the payment of the cost of extraordinary maintenance, necessary repairs and replacements, or contingencies, the payment for which no other funds are available, in order that said System may at all times be able to render efficient service. Each expenditure in excess of \$2,500 to be made from said account will be made only after certification by a consulting engineer employed for that purpose that such expenditure is necessary to the continued effective operation of the System; provided, that the moneys credited to said account may be used to pay principal or interest of any bonds of the Village which by their terms are payable solely from the Revenues at any time when there are no other funds available for that purpose in order to prevent a default, and will be transferred to the Bond and Interest Account. Whenever such an amount is withdrawn from such account and so transferred to said Bond and Interest Account, the amount so transferred will be added to the amount to be next and thereafter credited to said Depreciation, Replacement and Contingencies Account until full reimbursement to said account has been made.

(d) Bond and Interest Reserve Account:

There will next be credited to the Bond and Interest Reserve Account the sum of \$4,375 (which is inclusive of the amount required under the provisions of the 1977 Bonds Ordinance) each month until said account aggregates the sum of \$520,000. Thereafter, no additional funds will be credited to said account, except that when any money is paid out of said account credits to said account will be resumed at the monthly rate and continued until such account has been restored to the aggregate amount of \$520,000.

Moneys credited to said Bond and Interest Reserve Account will be used to pay principal or interest, or both, of the 1977 Bonds, the Bonds, and Parity Bonds at any time when there are insufficient funds available in the Bond and Interest Account to pay such principal and interest as the same become due.

(e) Surplus Account:

All moneys remaining in the Waterworks and Sewerage Fund, after crediting and depositing the required amounts to the respective accounts hereinabove provided for, and after making up any deficiency in accounts (a) to (d), inclusive, will be credited to the Surplus Account. The funds in said account will be held and used for the following purposes:

(1) For calling and redeeming prior to their maturity any 1977 Bonds, or Parity Bonds by purchase of said bonds at a price deemed advantageous to the Village by the President and Board of Trustees. Any bonds so called and redeemed, or purchased, will be cancelled.

(2) For the purpose of acquiring or constructing improvements and extensions to the combined waterworks and sewerage system.

(f) The moneys to the credit of accounts (c) to (e), inclusive, as hereinabove created, may be invested from time to time by the Treasurer of said Village in interest-bearing bonds, or other direct and general obligations of the United States Government, or obligations guaranteed by the United States Government, and such securities may be sold from time to time by the Treasurer of said Village as funds may be needed for the purpose for which said respective accounts have been created. All accrued interest on any funds so invested will be first credited to the Waterworks and Sewerage Fund and then credited to the account for which the investment was made.

Section 14. General Covenants. The Village of Fox Lake covenants and agrees with the holders and requested owners of the Outstanding Bonds hereby authorized that, so long as the Bonds or any of them remain Outstanding Bonds:

(a) The Village will promptly construct the improvements and extensions contemplated by this ordinance, will maintain the System and all improvements and extensions thereto in good repair and working order, will operate the same efficiently and faithfully, and will punctually perform all duties with respect thereto required by the Constitution and laws of the State of Illinois.

(b) The Village will establish and maintain at all times reasonable fees, charges and rates for the use and services of the System, and will provide for the collection thereof and the segregation and application of the Revenues in the manner provided by this ordinance, and sufficient at all times to pay the Costs of Operation and Maintenance, to provide an adequate depreciation fund, to pay the interest of and principal on all revenue bonds of the Village which by their terms are payable from the Revenues, and to provide for the creation and maintenance of the respective accounts as provided in Section 13 of this ordinance.

There will be charged against all users of the System, including the Village, such rates and amounts for water and sewer services as will be adequate to meet the requirements of this subsection. Charges for services rendered the Village will be made against the Village and payment for the same will be made monthly from the corporate funds into the Waterworks and Sewerage Fund as other Revenues.

(c) The Village from time to time will make all needful and proper repairs, replacements, additions and betterments to the System so that it may at all times be operated properly and ad-

vantageously, and when any necessary equipment or facility will have been worn out, destroyed or otherwise is insufficient for proper use, it will be promptly replaced or repaired so that the value and efficiency of the System will be at all times fully maintained.

(d) The Village will establish such rules and regulations for the control and operation of the System necessary for the efficient and economical operation thereof, and rates and charges will be fixed and revised from time to time as may be necessary to produce funds sufficient for all the purposes herein.

(e) The Village will maintain and keep proper books of records and accounts, separate from all other records and accounts of said Village, in which complete entries will be made of all transactions relating to said system, and hereby covenants and agrees that it will cause such books and accounts of said system to be audited annually by certified public accountants. A copy of each annual audit report will be mailed promptly upon completion to the original purchaser of the Bonds authorized by this ordinance, and such original purchaser will have the right to discuss the contents with the accountant making the audit and to ask for any reasonable explanation of the contents thereof. Further, the Village will permit any holder or holders or registered owners of the Bonds to inspect the System, and all records and accounts, and data relating thereto, at any reasonable time.

Each such audit, in addition to whatever matters may be thought proper by the accountants to be included therein, will without limiting the generality of the foregoing include the following:

(1) A statement in detail of the income and expenditures of the System for such Fiscal Year;

(2) A balance sheet as of the end of the Fiscal Year, and including a statement of the amount in each of the accounts created in Section 13 of this ordinance;

(3) The number of customers served by the waterworks system and the sewerage system at the beginning and at the end of the Fiscal Year;

(4) A list of all the insurance policies in force, setting out as to each policy the amount thereof, the risks covered, the name of the insurer and the expiration date of the policy;

(5) The amount and maturities of the outstanding obligations payable from the Revenues;

(6) The auditors' comment whether or not the Village has carried out the accounting requirements of the ordinance, and recommendations for any changes or improvements in the operation of the System.

All expenses incurred in the making of the audit required by this section will be regarded and paid as a Cost of Operation and Maintenance.

(f) The Village will not sell, lease, loan, mortgage or in any manner dispose of or encumber the System, or any improvements and extensions thereto (subject to the reserved right of the Village to issue additional bonds as provided in Section 10 hereof); provided, however, that this covenant will not prevent said Village from disposing of any property which in the judgment of the President and Board of Trustees is no longer useful or profitable in the operation of the System, nor essential to the continued operation of the System.

The proceeds from the sale of any property will be credited to the Depreciation, Replacement and Contingencies Account hereinabove established in Section 13 of this ordinance.

(g) Any holder or registered owner of a bond or bonds or any of the coupons of any bond or bonds issued hereunder may proceed by civil action to compel performance of, all duties required by law and this ordinance, including the making and collecting of sufficient charges and rates for the service supplied by the System, and the application of the income and revenue therefrom.

(h) The Village will carry insurance on said system of the kinds and in the amounts which are usually carried by private parties operating similar properties, covering such risks as will be recommended by a competent consulting engineer employed by the Village for the purpose of making such recommendations.

All moneys received for loss under such insurance policies will be deposited in the Depreciation, Replacement and Contingencies Account and used in making good the loss or damage in respect of which they were paid, either by repairing the property damaged or making replacement of the property destroyed, and provision for making good such loss or damage will be made within ninety (90) days from date of the loss.

The payment of premiums for all insurance policies required under the provisions of this covenant will be considered Cost of Operation and Maintenance.

The proceeds derived from any and all policies for public liability will be paid into the Operation and Maintenance Account and used in paying the claims on account of which they were received.

(i) The Village covenants not to provide any free service of the System and, to the extent permitted by law, the Village will not grant a franchise for the operation of any competing waterworks system, sewerage system or combined waterworks and sewerage system, within the Village.

Section 15. Parity Bonds. The Village further covenants and agrees that Parity Bonds may be issued only when the following conditions are met:

(a) The amounts required to be credited monthly to the respective accounts (a) to (d), inclusive, of Section 13, provided for by this ordinance, must have been credited in full to the date of adopting the ordinance authorizing the issuance of such Parity Bonds.

(b) The Net Revenues of the System for the last completed Fiscal Year prior to the issuance of such Parity Bonds, or the adjusted Net Revenues of the System for such period if such revenues are adjusted as hereinafter provided, must equal one hundred twenty per cent (120%) of the combined maximum principal and interest requirements for any succeeding Fiscal Year on all 1977 Bonds and Outstanding Bonds and the proposed Parity Bonds.

Net Revenues of the System may be adjusted as follows: In the event there shall have been a change in the rates of the System from the rates in effect for the preceding Fiscal Year, which change is in effect at the time of the issuance of any such Parity Bonds, the Net Revenues as provided in this subparagraph (b) may be adjusted to reflect the net Revenues of the System for the immediately preceding Fiscal Year as they would have been

had said then existing rates been in effect during all of said Fiscal Year. Any such adjustment will be evidenced by the certificate of a certified public accountant or an independent consulting engineer, which certificate will be approved by the President and Board of Trustees prior to the issuance of the Parity Bonds and filed with the Village Clerk.

(c) In addition to the foregoing, and notwithstanding the restrictions hereinabove set forth in this Section 15, Parity Bonds may be issued for the purpose of constructing improvements and extensions to the System whenever an independent consulting engineer shall certify to the President and Board of Trustees that estimated future net earnings of the System for the average of three (3) Fiscal Years following completion of the improvements and extensions will be not less than one hundred thirty per cent (130%) of the maximum combined principal and interest requirements for any succeeding Fiscal Year on all 1977 Bonds Outstanding Bonds; and the Parity Bonds proposed to be issued.

The term "estimated future net earnings" for the purpose of this subsection will be deemed to be gross revenue from existing users of the System plus estimated new users of the System verified by contracts for service filed with the President and Board of Trustees and based on rates and charges then in effect, less estimated Costs of Operation and Maintenance for the aforesaid three (3) Fiscal Years following completion of the proposed improvements and extensions.

(d) In addition to the foregoing, if, prior to the payment of any 1977 Bonds or Outstanding Bonds, it shall be found desirable to refund all or a part thereof, said bonds may be refunded notwithstanding the restrictions as to the issuance of Parity Bonds set forth in this section (with the consent of the holders or registered owners thereof, unless the bonds to be refunded are subject to redemption and provision for call and redemption thereof is duly made), and any refunding bonds so issued will share ratably and equally in the Revenues and the pledge thereof under this ordinance with the portion of the bonds which are not refunded; provided, however, that if only a portion of said bonds are to be refunded at any time, such obligations will not be refunded by bonds bearing interest at a rate greater than the interest rate provided by this ordinance, or maturing at a date earlier than the final maturity of such bonds not refunded, maturity of such bonds not refunded.

(e) Any Parity Bonds must be payable as to principal on May 1 of each year in which principal falls due and must be payable as to interest on May 1 and November 1.

Section 16. Sale of Bonds. As soon as may be after this ordinance becomes effective, the Bonds will be executed and delivered to the Treasurer of the Village and be by him delivered to the purchaser thereof, upon receipt of the purchase price, therefor, same to be determined and specified in a resolution of the President and Board of Trustees to be adopted at the time of sale of said Bonds to said purchaser, the same being not less than ninety-eight percent (98%) of the par value of the Bonds then being sold plus accrued interest to date of delivery. If the President and Board of Trustees by such proceedings sells less than all of the Bonds herein authorized, the President and Board of Trustees will at its discretion in such resolution select and establish from the maximum amounts of Bonds due as set forth herein, such lesser amounts to be due and so subject as will be necessary in consideration of the lesser amount of Bonds to be issued.

Section 17. Use of Proceeds, Expense Fund, Construction Fund (1985). The proceeds derived from the sale of the Bonds will be used as follows:

(a) Accrued interest will be credited to the Bond and Interest Account.

(b) \$75,000 of the proceeds of the Bonds will be deposited into a separate fund, hereby created, designated the "Expense Fund" to be used to pay expenses of issuance. Disbursements from such fund will be made from time to time upon the direction of the President and Board of Trustees. Any excess in said fund will be paid into the Construction Fund (1985) hereinafter created in this Section after six months from the date of issuance of the Bonds.

(c) The remaining funds will be set aside in a separate fund hereby created and designated as the "Construction Fund (1985)", which will be deposited in a bank or banks to be hereafter designated by the President and Board of Trustees pursuant to a depository agreement. Such Agreement will provide that money in said fund will be withdrawn from time to time as needed for the payment of costs of the Project and paying the fees and expenses incidental thereto not paid out of the Expense Fund and that said money will be withdrawn from the depository from time to time by the Treasurer of the Village only upon submission by him to said depository of the following:

(i) If such withdrawal of funds by the Treasurer is for payment to a supplier, materialman, or contractor for work done in connection with the Project, a certificate executed by the engineer in charge of the construction of the Project stating the amount of materials supplied or the nature of the work completed, that such materials have been properly accepted or such work approved by him, the amount due and payable thereon, and the amount remaining to be paid in connection with the Project; and

(ii) A duplicate copy of the order signed by the President and Village Clerk, or such other officer(s) as may from time to time by law authorized to sign and countersign orders of the Treasurer of the Village, stating specifically the purpose for which the order is issued and indicating that the payment for which the order is issued has been approved by the President and Board of Trustees.

Within sixty (60) days after full depletion of the Construction Fund (1985) or payment of all costs of the Project, as herein referred to, and as heretofore approved by the President and Board of Trustees, the Treasurer will certify to the President and Board of Trustees the fact of such depletion or the engineer in responsible charge of the Project will certify to the President and Board of Trustees the fact that the work has been completed according to approved plans and specifications, as applicable, and upon approval of such certification by the President and Board of Trustees, funds (if any) remaining in the Construction Fund (1985) will be transmitted by said depository to the Treasurer of the Village, and said Treasurer will credit said funds to the Bond Reserve Account, or, if such account is fully funded, to the Depreciation, Replacement and Contingencies Account; and the Construction Fund (1985) will be closed. Funds on deposit in the Construction Fund (1985) may be invested by the Depository at the direction of the Treasurer in the same manner as provided in this ordinance for money in the Bond and Interest Account.

Section 18. Provisions a Contract. The provisions of this ordinance will constitute a contract between the Village and the holders of the Outstanding Bonds and no changes, additions, or

alterations of any kind will be made hereto, except as herein provided, so long as there are any Outstanding Bonds.

Section 19. Arbitrage. The proceeds of the Bonds will be devoted to and used with due diligence for paying the costs of the Project. The President and Board of Trustees represent and certify as follows:

(a) The Village has heretofore incurred, or within six months after delivery of the Bonds expects to incur, a substantial binding obligation with respect to the Project to be paid for with money received from the sale of the Bonds, said binding obligation comprising a contract or contracts for components of the Project in the amount of not less than \$100,000.

(b) All of proceeds of the Bonds to be applied to payment of costs of the Project will be expended on or before January 1, 1989, for the purpose of paying such cost.

(c) All of the principal proceeds and investment earnings thereon of the Bonds will be used, needed and expended for the purpose of paying the costs of the Project, including expenses incidental thereto.

(d) Work on the Project is expected to proceed with due diligence to completion.

(e) No part of the System or the Project has been or expected to be sold or otherwise disposed of in whole or in material part prior to the last maturity of the Bonds. "Material part" means (i) land, or (ii) any building, or (iii) personal property or fixtures in excess of this which is expected to be sold, traded in or discarded upon wearing out or becoming obsolete.

(f) Except for the Bond and Interest Account and for the Bond Reserve Account established hereunder, the Village has not created or established and does not expect to create or establish any debt service fund, reserve fund, sinking fund or other similar fund for the Bonds.

(g) Amounts deposited in the Bond and Interest Account will be expended within a 12-month period beginning on the date of deposit; said account will be depleted to an amount not greater than 1/12 annual principal and interest requirements payable therefrom at least once yearly; and any amounts received from investment of money in the Bond and Interest Account will be expended within a one year period beginning on the date of receipt.

(h) The Bond Reserve Account is to be established and accumulated from funds other than Bond proceeds. The total amount of the Bond Reserve Account to be accumulated is as set forth herein.

(i) Credits are required by this ordinance to be made from the Revenues into the Depreciation, Replacement and Contingencies Account. Moneys in such account are to be used to pay the cost of repairs or replacements to the System as may be necessary for time to time for the continued efficient operation of the System. Although amounts in said account are required to be used to pay principal of and interest on the Bonds to prevent or remedy a default, such amounts are not expected to be so used, and there is no assurance (due to the necessity of making reasonable repairs or replacements to the System, from time to time, as discussed above) that such amounts will be available to pay principal of and interest on the Bonds even if all other sources of payment are exhausted.

(j) The foregoing statements of expectation are based upon the following facts and estimates:

(i) Amounts expected to be received are estimated.

(ii) Amounts paid or to be paid into various funds and accounts have been directed to be paid into said funds and accounts by authority of this ordinance.

(iii) The anticipated dates of the obligation and expenditure of money derived from the sale of Bonds and to be deposited into the various funds and accounts for the Project and the amounts to be spent on or before such dates are based upon consultation with the engineers employed by the Village to supervise the Project.

(k) The Village has not been notified of any disqualification or proposed disqualification of it by the Commissioner of the Internal Revenue Service as a bond issuer which may not certify bond issues under Treas. Reg. Section 1.103-13 (a) (2) (ii) (1979).

(l) To the best of the knowledge and belief of the President and Board of Trustees, there are no facts, estimates or circumstances that would materially change the conclusions and representations set out in the section, and the expectations hereinabove set out are reasonable.

The President and Board of Trustees also certify and further covenant with the purchasers and holders and registered owners of the Bonds from time to time outstanding that so long as any of the Bonds remain unpaid, moneys on deposit in any fund or account in connection with Bonds, whether or not such moneys were derived from the proceeds of the sale of the Bonds or from any other source, will not be used in a manner which will cause the Bonds to be "arbitrage bonds" within the meaning of Section 103(c) of the Code, and any lawful regulations promulgated thereunder, including Treas. Reg. Sections 1.103-13, 1.103-14 and 1.103-15 (1979) as the same presently exist, or may from time to time hereafter be amended, supplemented or revised. The President and Board of Trustees reserves the right, however, to make any investment of moneys on deposit in any fund or account in connection with the Bonds permitted by state law, if, when and to the extent that said Section 103(c) or regulations promulgated thereunder will be repealed or relaxed or will be held void by final decision of a court of competent jurisdiction, but only if any investment made by virtue of such repeal, relaxation, or decision would not, in the opinion of an attorney at law or a firm of attorneys of nationally recognized standing in matters pertaining to tax-exempt bonds, result in the inclusion of interest on the Bonds in gross income for federal income tax purposes.

The officers of the Village are hereby authorized and directed to make such further covenants, estimates, representations, or assurances as may be necessary or advisable to the end that the Bonds not be "arbitrage bonds" as aforesaid.

Section 20. Registered Form. The Village recognizes that Section 103(j) of the Code required the Bonds to be issued and to remain in fully registered form in order that interest thereon is exempt from federal income taxation under laws in force at the time the Bonds are delivered. In this connection, the Village agrees that it will not take any action to permit the Bonds to be issued in, or converted into, bearer or coupon form.

Section 21. List of Bondholders. The Bond Registrar will maintain a list of the names and addresses of the registered owners of all Bonds.

Section 22. Rights and Duties of Bond Registrar. If requested by the Bond Registrar, the President and Village Clerk of the Village are authorized to execute the Bond Registrar's standard form of agreement between the Village and the Bond Registrar with respect to the obligations and duties of the Bond Registrar hereunder. Subject to modification by the express terms of any such agreement, such duties will include the following:

(a) to act as bond registrar, authenticating agent, paying agent and transfer agent as provided herein;

(b) to maintain a list of Bondholders as set forth herein and to furnish such list to the Village upon request, by otherwise to keep such list confidential to the extent permitted by law;

(c) to give notice of redemption of Bonds as provided herein;

(d) to cancel and/or destroy Bonds which have been paid at maturity or upon earlier redemption or submitted for exchange or transfer;

(e) to furnish the Village at least annually a certificate with respect to Bonds cancelled and/or destroyed; and

(f) to furnish the Village at least annually an audit confirmation of Bonds paid, Bonds outstanding and payments made with respect to interest on the Bonds.

The Village Clerk of the Village is hereby directed to file a certified copy of this ordinance and of the sale proceedings as referred to in Section 16 hereof with the Bond Registrar.

Section 23. Publication. This ordinance, together with a notice in the form set forth in Section 24 hereof, will be published once within ten (10) days of passage hereof by the President and Board of Trustees in Fox Lake Press, being a newspaper published in and having a general circulation in the Village, and if no petition, signed by electors numbering fifteen percent (15%) of the number of electors (i.e. 308 electors) voting for President at the last preceding Municipal election at which a President for the Village was elected and asking that the question of proceeding with the Project, as provided in this ordinance, and the issuance of revenue bonds therefor, be submitted to the electors of the Village, is filed with the Village Clerk of the Village within twenty-one (21) days after the date of the publication of this ordinance and said notice, then this ordinance will be in full force and effect. A petition form as set out in Section 24 hereof will be provided by the Village Clerk to any individual requesting one.

Section 24. Forms of Notice and Petition. The notice to be published pursuant to Section 23 hereof will be in substantially the following form:

Notice is hereby given that pursuant to Ordinance Number 85-39, adopted November 4th, 1985, the Village of Fox Lake, Lake and McHenry Counties, Illinois (the "Village"), intends to issue its Waterworks and Sewerage Revenue Bonds, Series 1986 (the "Bonds"), in the amount of not to exceed \$1,525,000, and bearing interest per annum at not to exceed the maximum rate authorized by law at the time the Bonds are sold, for the purpose of paying the costs of certain improvements and extensions to the waterworks and sewerage system of the Village.

In addition, notice is hereby given that if a petition signed by 308 or more electors of the Village requesting that the question of improving the waterworks and sewerage system and the issuance of said Bonds therefor be submitted to the Village Clerk within 21 days of the date of publication hereof, the question of improving the waterworks and sewerage system of the Village as provided in said Ordinance and the issuance of said Bonds therefor will be submitted to the electors of the Village at the general primary election to be held on March 18, 1986. BE IT ORDAINED BY THE PRESIDENT AND BOARD OF TRUSTEES OF THE VILLAGE OF ROUND LAKE BEACH, ILLINOIS, AS FOLLOWS:

SECTION 1: That Section 10-5-2, entitled "Water Meters Required", of Chapter 5, entitled "Combined Waterworks and Sewerage System", of Title 10, entitled "Public Ways and Property", of the Village Code of Round Lake Beach, Illinois, be and is hereby amended to read as follows:

Fire Chiefs Get Hot About Local Fires

Editor's Note: This news piece was put together from information gathered by various news editors, including Mike Pramshofer, Gloria Davis, Karen Wiltberger, Sue Montgomery and Stacie Ellis.

Fire departments are disseminating fire safety news and rules through the media and the school system.

On a nationwide scale, schools have been conducting the annual fire safety poster contests through which grade school students purvey their ideas on practicing the fire safety rules that the local fire departments have been talking to them about.

Most of Lake County fire chiefs have come across the same safety violations in their respective areas.

Capt. Wayne Parthun, chief of Antioch's Fire Protection Bureau, lists the misuse of extension cords and bad housekeeping as the main causes of residential fires. The improper storage of combustible and flammable goods are responsible for many home blazes.

Parents that irresponsibly leave matches and cigarette lighters within the reach of small children are taking the chance of having their home damaged and/or their children hurt at best and of losing everything at worst.

Lt. Frank Busch of the Fox Lake Fire Dept. adds unwatched or faulty electric heaters and improperly operating furnaces and other heating equipment to the danger list as well as the wrong use of flammable liquids.

Capt. Don Komers, representing the Gurnee Fire Prevention Bureau,

reported that most of the fires in his area are accidentally started home fires.

Gurnee only had one major commercial fire last year besides the arson-caused fire that totally destroyed Warren High School.

Glower listed financial problems and divorces as reasons people burn their own houses down.

"Although arson is not easily proved and that sometimes takes a lot of time, new detecting methods and the cooperation we have with the Fox Lake and Grayslake Fire Depts.' fire investigation groups have helped a lot," Glower said. He added that arsonists not only face criminal charges but also charges of "attempted insurance fraud."

Now that the fall weather has everyone busily raking their lawns, Lt. Don Mobley, Grayslake fire prevention officer, warns against the careless burning of leaves.

Grease fires and food in pots and pans left unattended on cooking stoves ranked as two of the four major causes of home fires in the Gurnee area.

Lake Villa Fire Chief Elmer Sheehan adds careless use of smoking materials and failure to check the lint in clothes dryers as having started fires in Lake Villa Twp.

Sheehan warns people against the careless piling of leaves or trash right next to outside walls of buildings.

In Wauconda, Capt. Bill Glade of the Wauconda Fire Dept. said that the accidental turning on of an appliance had caused one death in Wauconda. He mentioned the dangers of the accidental release of flammable

gas as another major cause of home fires in his area as well as lightning striking buildings.

Glade listed arson, fires that are purposely started either for insurance reasons, or by mentally disturbed or criminally minded people, as a major reason for his engines to roll.

Ed Glower, Round Lake Fire Chief, says that suspicious fires (possible arson) are up in his area.

Most of the fire chiefs were in agreement as to the proper precautions that should be taken against residential fire losses. Number one on the list is the installation of smoke detectors in the proper places in every home. Glade said that the Wauconda Fire Dept. had found that 57 percent of alarms set off by detectors were set off by faulty alarms but he added that they had proved to be right, and therefore valuable, 50 percent of the time.

Mundelein's Chief Edwin Kalase said that detectors are a must, especially since they can be bought for as little as \$5. "People will spend \$200 in fire insurance but they will hold off on spending the additional few dollars that smoke alarms cost."

Komers of Gurnee cautions, "Don't put electric cords underneath carpeting or doors, don't overload electric cords and only use properly approved electrical equipment. He says that most commercial fires are caused by faulty electrical components.

Mobley of Grayslake said to look for an area far from dry grass before throwing away flammable trash, especially any liquid garbage.

Schaffer To Seek State Re-Election

Governor James Thompson and Senator Schaffer greeted over 200 well-wishers at a reception held in the historic Old Courthouse on the Woodstock Square. The reception was held to announce Senator Schaffer's bid for re-election to the State Senate.

The governor and Senator Schaffer stated that jobs and

the state's economy are priority issues for state government. Seventy-five percent of all grants, job training funds and industrial loans given by the State of Illinois are to small business, which make up the majority of the 32nd Dist.

Mayor Terry Gratz, of Belvidere, served as chairman of the reception.

Deaths Increase

Supt. of Illinois State Police, Laimutis A. Nargelenas, has announced the latest provisional figures which indicate that during the month of October, 133 persons died from injuries sustained from traffic accidents on Illinois streets and highways.

State Police, Dist. 2, which covers Lake, McHenry, DeKalb, Kane and DuPage Counties, reports that 218 persons have been killed in these counties since January, 1985. One hundred ninety-five persons were also killed during the same period in 1984 in these counties.

A breakdown of the counties for statistics in October, 1985 shows Lake County, nine fatalities; McHenry County had no fatalities.

Miller, Wilson Running Again

Glenn E. Miller of Long Grove and Patrick R. Wilson of Mundelein have announced their intentions to seek reelection to the Lake County Board, Dist. 6 in the March 18, 1986 and November, 1986 elections.

Miller has served on the County Board since 1974 with five years of that time as

Lake County Board Chairman.

Miller is presently owner-manager of the Wheeling Shopping Center. He is a life long Lake County resident and lives with his wife, Ruth in Long Grove. Ruth and Glenn are the parents of seven children and thirteen grandchildren.

Bright Outlook For Bureau

An interesting aspect of plans to fund the fledgling Lake County Illinois Convention and Visitor Bureau is that substantial sums of money can be raised without costing local taxpayers a cent. This can be accomplished by imposition of hotel-motel tax where applicable.

This is the approach being called for by Lynn Mallory, consultant to the nearly one-year-old agency designed to unleash all the potential for growth and development embodied in the county's tourism and recreation industry.

Interested persons in both the public and private sector envision a budget of approximately \$1 million to operate the bureau. Mallory is correct in looking upon the hotel-motel tax as a viable source of income. The county's recreation and tourism industry already is impressive an estimated 10

million persons visiting 25 attractions each year. But it has been unorganized. That's why business and political leaders formed the bureau.

Full utilization of the hotel-motel tax plus use of governmental grants and private contributions can put the \$1 million within reach, in Mallory's opinion. It would be improper to tap general revenue resources for tourism development.

That means that communities like Antioch, Fox Lake, Gurnee and Mundelein, where there are substantial facilities for lodging, should get involved and provide leadership for the bureau because they have the most to gain. The tourism bureau has the potential for providing a new dimension to economic development in this locality. It deserves the support of everyone.

Winning By Losing

Voters finally answered a question that has been bouncing around both inside and outside the Round Lake area for a good long time—consolidating four villages into a unified community with one municipal government.

The answer was "no," but the defeat was far from resounding and the result is less than conclusive. Because of a technicality in the law, the proposition to merge was required to carry in all four villages. The vote was three to one. However, the popular vote was in favor of consolidation.

The vote against consolidation produced an unexpected reaction. Both sides feel pretty good about the result—even the losers. Consolidation advocates are convinced that even in defeat they scored a victory by

proving that the idea of unification has broad appeal. They feel that the Nov. 5 balloting showed the way to future success. Perhaps.

The consolidation movement might have scored another victory of sorts—by showing that a political campaign in the Round Lake area can be conducted on a positive plane. By sticking to facts, eschewing gimmicks and refusing to engage in personalities, the pro-merger team made friends even as it came up short on converts. The shadowy opposition probably got as much mileage out of fear and confusion to defeat consolidation as it did out of actual work. The opposition to consolidation suffered from several major flaws, including the fact that no identifiable leadership ever surfaced and the fact that no persuasive philosophic or intellectual arguments were employed to defeat consolidation.

The methods employed to defeat unification of the Round Lake area may not work a second time.

Significant Political Event

One of the developments of the November elections could have far-reaching consequences in Lake County politics. That is the detachment of the Mundelein portion of the Cook Memorial Library District, located in Libertyville Township. The detached sector joined the Fremont Township Library District on the basis of a 373 to 166 vote.

On the surface, the detachment action could be looked upon as a move to eliminate an artificial barrier that developed over the years because the incorporated Village of Mundelein was located astride the Libertyville-Fremont township line.

It is more than that, though. The successful detachment is a reaffirmation of Mundelein's individuality and an assertion of its growing political strength.

An oddity of Lake County politics is that Mundelein, as a sizeable population center, has produced only one county official in a period going back 50 years, one-term Sheriff E.J. "Chick" LaMagnein, who was elected as a Democrat. Because it is split between two townships, Mundelein always has played a subservient political role. That may be changing, as indicated by the library vote. If changes are in store, the first evidence undoubtedly will surface in County Board politics where Mundelein always has been dominated by its neighbor to the east, Libertyville. This means that a new look could be developing for Dist. 5 politics in Warren, Libertyville and Vernon townships. As we were saying, the library detachment could portend more than the relocation of some library district tax base.

Long Time Since The Winning Bears Were Chicago Bears

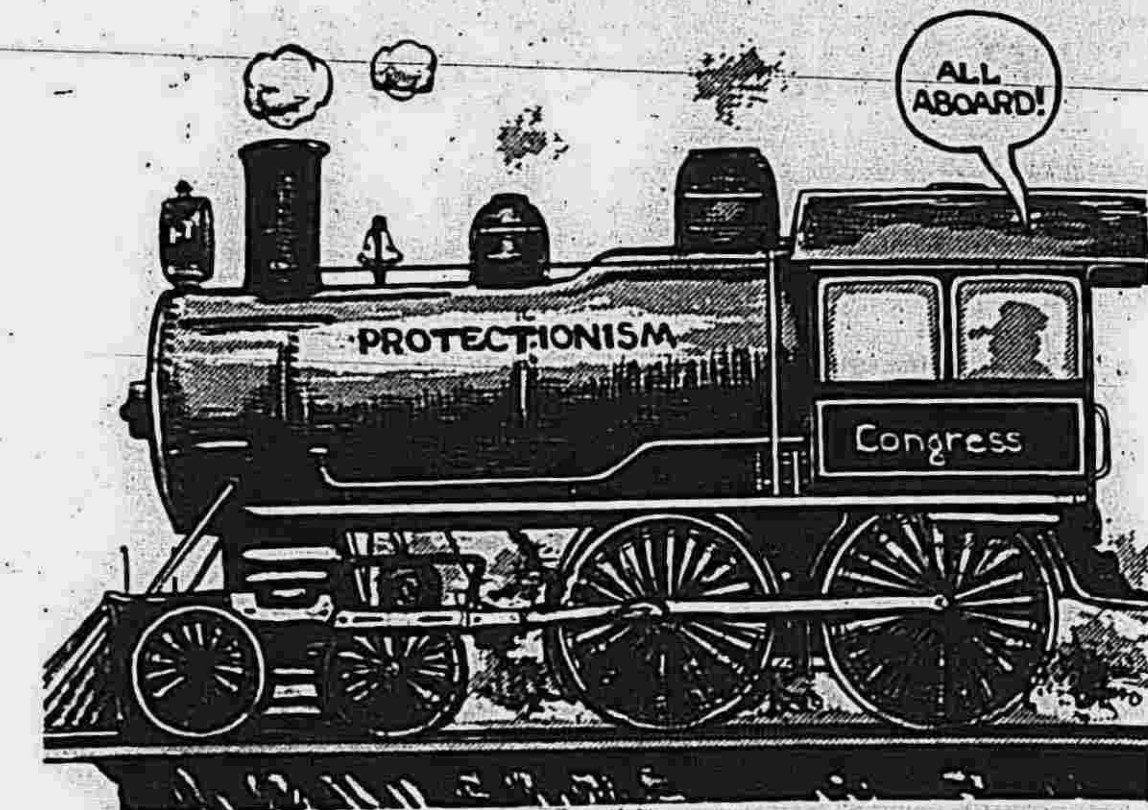

by BILL SCHROEDER

Now that William "Refrigerator" Perry has taken up residence in Mundelein, it is high time that reality be accepted as fact: that the Bears aren't the Chicago Bears anymore even as they play and win more every week like the old-time winning Bears.

Their coach is a resident of Arbor Vista, a subdivision of fine homes nestled in Warren Township outside of Grayslake. Their star player (Walter Payton, who else?) resides in the Barrington area. The players and Bear staff members make their homes all over the northern suburbs. Team headquarters and practice center is located in nearby Lake Forest.

The fact is that the Bears are the Chicago Bears only every other week—when they play in Soldier Field. If they aren't the Chicago Bears, they sure aren't the Lake Forest Bears, because Lake Forest already has two football teams, the Lake Forest Scouts (high school) and the Lake Forest College Foresters.

How about the Suburban Bears or the North Shore Bears? If that rings too much of

Ban Opportunity

Editor:

We have a unique, risk-free opportunity to cease nuclear weapons explosions for all time if the United States will follow the lead of the U.S.S.R. and order a cessation of nuclear tests by Jan. 1, 1986.

Old-timers remember that in June, 1963, as a result of public uproar over radioactive fallout contaminating our food supply, President Kennedy declared a unilateral ban on testing nuclear weapons in the atmosphere. As a result, in August, 1963, the U.S. and the U.S.S.R. signed a Limited Test Ban Treaty banning nuclear testing in the atmosphere, outer space, and under water. It is still in effect.

As of Hiroshima Day, Aug. 6, 1985, the Soviets unilaterally began a ban on its underground testing, to be in effect until Jan. 1, 1986. Premier Gorbachev stated that the moratorium "will remain in effect, however, as long as the United States, on its part, refrains from conducting nuclear explosions." So far our Administration has said "no."

There are over 1,000 seismographic stations around the world that can detect underground testing of explosions as small or smaller than one kiloton. If the Soviets cheated, we would know it.

We may never again have an opportunity to stop the development of ever more powerful and dangerous nuclear weapons. I urge you to write to President Reagan, The White House, Washington, D.C. 20500. Also to Senators Alan Dixon and Paul Simon, U.S. Senate, Washington, D.C. 20510.

Who's To Blame?

Editor:

The Avon School referendum finally passed after four tries; they couldn't take three NO defeats for an answer!

It makes one wonder who will be among the first to complain when they get tax bills in the next year or two, and will finally realize that it will cost more than "a cup of coffee a day."

It will most certainly be very easy after a year or two to forget who raised the taxes and put the blame on the politicians for high taxes, and then complain we don't even have decent roads, no curbs or sidewalks and we have flooding.

This is just a reminder for all you voters, the blame will be in your own cup of coffee, not someone else's.

Wasteful Days Off

Editor:

It is right and just to honor the noble who walked among us, but a day off work or school is not always the most fitting remembrance or display of respect.

If we were to ask Abraham Lincoln what he thought of celebrating the anniversary of his birth with a day of leisure, he would probably be both surprised and amused.

Tell the truth; do we spend his birthday contemplating the exemplary life of ole Abe? Aside from the mandatory tributes paid by school children reciting such stories as his, walk of inconceivable distance to return a paltry sum of change, how do most of us celebrate the birthday of the illustrious who walked among us?

I can't help but admire Babe Didrickson's incredible athletic achievements, Mark Twain provided an inestimable contribution to our national sense of humor, and I love everything Lassie stood for. I do not, however, feel that I am entitled to a day off on their birthdays. Most of our great American heroes stood for hard work and education. George Washington, Martin Luther King, and the entire assemblage would probably be appalled at our taking a day off on their birthdays. Instead, wouldn't it be more fitting to work overtime on these days in a feeble attempt to emanate the superhuman dedication to their work that made them objects of our admiration? Any of these accomplished individuals would also caution us against singling out their efforts at the expense of crediting the cooperative effort required for achieving great things.

Certainly a worthy person is born every day of the year. But a day off is an impractical way to honor the myriads of admirable souls. Isn't emulation the highest form of tribute?

The next time one of these holidays rolls around, dare to be properly reverent. Refrain from jostling among the herds paying their tribute at an inventory reduction sale. Visit a historical monument. Peruse a museum. Campaign for a person or cause with ideals based upon achieving the greater good for humanity. Plant a tree. Better yet, go to the library, and look up Casimir Pulaski. Whatever you do, don't use the time to dig up another excuse to stay home from work or school.

society and gentility for a gang of madcap maulers, how about the Lake County Bears? Or the Lakeland Bears? If you've got a better suggestion, let us know.

Come to think of it, a good many pro football teams are pretty far removed from their origins. The Lions, Giants and Raiders come quickly to mind. The Dolphins are trying to shuck Miami. We don't blame them. Yes, it's time to face the bare facts about the Bears.

ONE MAN'S FAMILY—What do one lady of the house and two daughters who haven't been home from school for a long time add up to? Three frantic shoppers! Jill, Karen and their mom turned a long weekend into a virtual non-stop shopping spree, stopping-only (or so it seemed) for a few hours sleep and several fast food stops. Lucky for pop, the gals are better shoppers than buyers. No impulse buyers in the family—fortunately! Maybe they were getting in training for Christmas.

'Hold The Lettuce And Tomato' Salad

There was a time when I believed that without lettuce or tomato, a salad was nothing. That was a long time ago.

Today, I can turn a couple cans of green beans and a container of sour cream into a quick salad without giving lettuce or tomato a second thought.

There are other greens, of course, that make for excellent salads. I prefer spinach. I give it a good washing in the sink with cold water. I rinse the spinach, cut off the thick stems and put it in a large bowl. When I'm out of paper towels, I pat the spinach dry with a cloth towel, remove the bruised leaves and chill it covered before I create the salad.

Creamed Green Bean Salad

2 cans (1 lb.) green beans, drained
1 egg yolk
1/2 teaspoon each dry mustard and paprika

1/4 teaspoon salt
1 container (8 oz.) sour cream
2 tablespoons lemon juice

Chill green beans. In small bowl, beat with fork, egg yolk, mustard, paprika and salt; gradually beat in sour cream and lemon juice. Chill. Yields about 1 cup. Spoon dressing over beans. Serves 6.

Spinach-Mushroom Salad

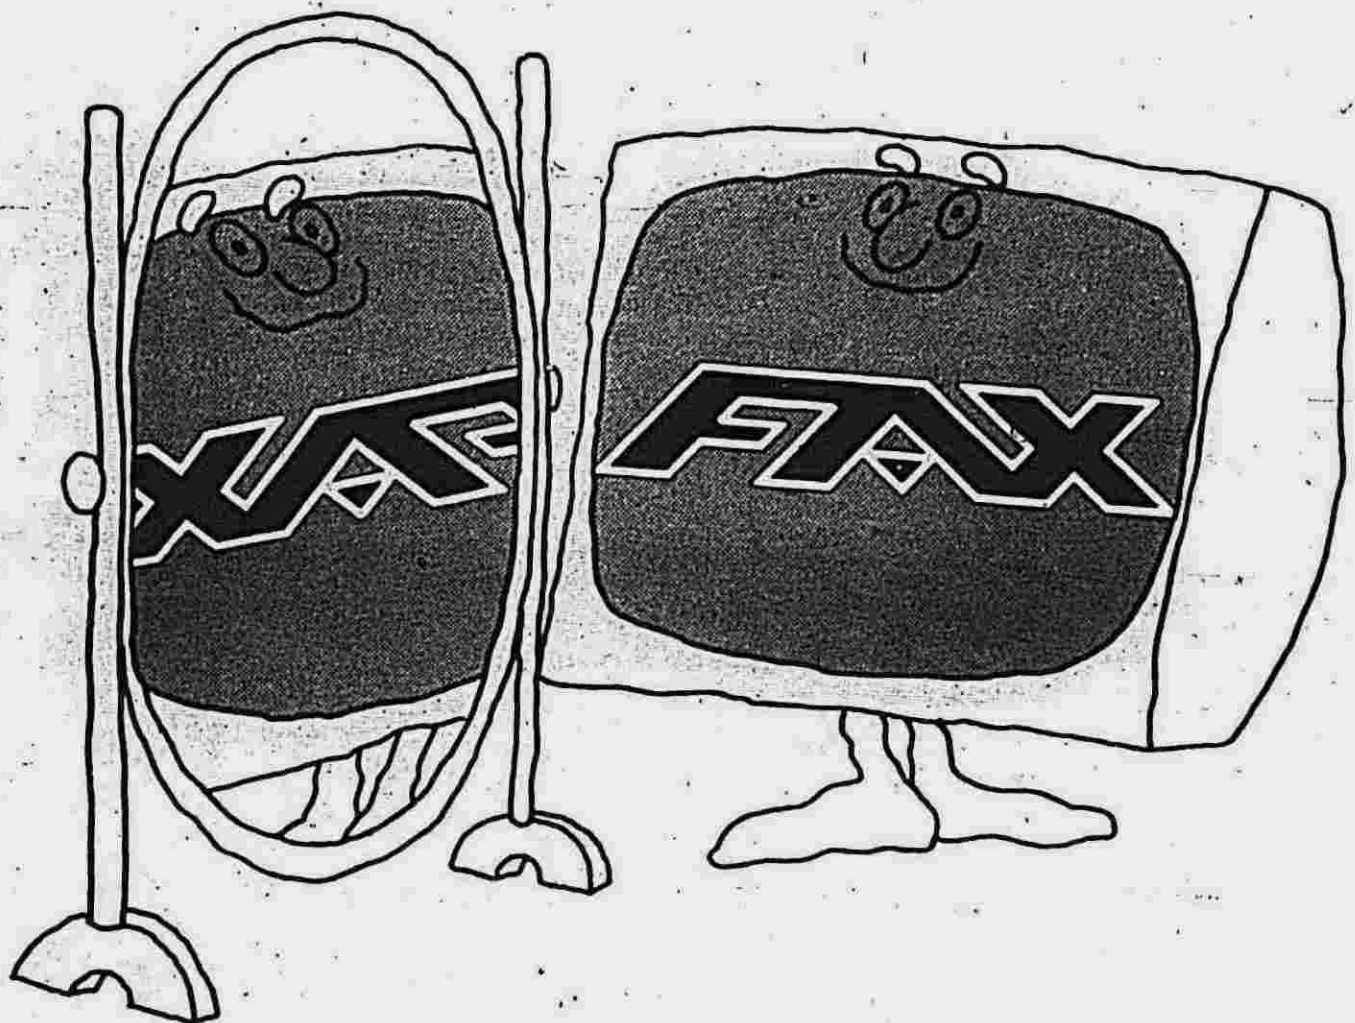

2 pounds spinach, thoroughly washed.

8 slices bacon
4 tablespoons cider vinegar
4 teaspoons sugar
1 teaspoon salt
4 tablespoons water
3/4 pound mushrooms, washed and sliced
2 large carrots, shredded
4 hard-cooked eggs, cut in wedges

leaves; dry with paper toweling. Tear leaves in bite-size pieces, place in large bowl, cover and refrigerate. In large skillet, fry bacon until crisp, drain on paper toweling and set aside. Leave desired amount of bacon fat in skillet; stir in vinegar, sugar, salt and water. Heat through, stirring. Pour dressing over spinach and toss until coated and wilted. Crumble bacon and add with mushrooms and carrots. Toss. Garnish with eggs. Serves 8.

Percentage Of Growth Greatest At Early Age

Question: I have had several inquiries concerning the nutrient needs of growing children. Therefore, I will describe the major dietary factors involved.

Answer: Protein is a nutrient for tissue, cell and muscle building and rebuilding. This nutrient is found mainly in meats, dairy products, nuts, and legumes. Protein should be consumed three to four times daily and the need will increase as growth increases and as daily activity increases.

The percentage of growth is the greatest between infancy and three years, again between six and eight, between 11 and 13 (puberty), and a late growth spurt, especially for boys between 16 and 17. These are only averages and individual appetites often correlate with growth nutrient needs.

Unfortunately, many people including children have acquired such poor eating habits that the natural appetite directions are often suppressed or ignored. Also, many school age children are much less active than previous generations and may need less animal protein and less total calories than they are presently consuming.

Minerals and vitamins are necessary for growth and development. Along with adequate intake, beneficial utilization of these nutrients become a major concern. For example, milk is an adequate source of calcium, phosphorus, and protein. Calcium, however, needs appropriate vitamin C, magnesium, and vitamin D for optimal utilization.

Vitamin D is obtained from sunlight and most whole milk is fortified with vitamin D. Vitamin C should be obtained from a balanced diet with fruits and vegetables but studies indicate that dietary intakes of children of vitamin C, calcium, iron and vitamin A are often on the low side of recommended dietary allowances levels or below them.

Another major factor in utilization of both calcium and magnesium is dietary fat which is able to block the absorption process. Chocolate has a high fat content and most likely interferes with the utilization of calcium when added to milk. Milk, although a high nutrient source does aid in mucus formation and often produces food intolerances, including allergies.

Some children may need another calcium source such as dark green vegetables, nuts, eggs, whole grains, and oranges. Since most of these sources have less calcium con-

centration per measurement a larger quantity of alternative calcium intake is often required.

Excessive phosphorus intake can also lead to the blockage of calcium utilization. One major source of phosphorus is soda pop. Phosphoric acid, sugar or salt, and artificial flavorings and colorings all add to the negative effect of pop on body metabolism.

Drinking water or juice in place of pop would be of more benefit to the body. Other major sources of phosphorus are meats,

Zinc is a trace mineral that is essential for growth. A deficiency of zinc can result in growth failure, poor appetite with decreased taste acuity and poor wound healing. Zinc is obtained from meat, poultry, seafood, eggs, cheese, milk, peanut butter, and whole grain cereal products. If animal protein foods are avoided or eliminated whole grains and nuts must be increased significantly. Vitamin A is a partner for improved utilization of zinc.

October ... 1985

Dear Friend:

The year was 1978. The month October. Pope John-Paul I was about to be buried and in Lake County, Great America was completing its second successful year, Woodrow Hayek retired from the Globe Department Store after 49 years and 2% milk was advertised at \$1.01 a gallon; and at the Lakeland Newspapers rising costs had prompted us to raise our subscription rates.

There have been many changes in the seven years since our last price increase, including a 150% increase in the price of the paper this is printed upon, postage increases, wage increases and increased costs for light, heat and water (to say nothing of taxes). Now for the first time in nearly seven years, we are compelled to raise our subscription and newsstand rates.

We know that increased prices are universally unpopular and upsetting to budgets. To ease this transition, during the month of October you may enter a new subscription or renew and add to your subscription at current rates... saving \$2.00 off the rates which become effective November 15, 1985.

We appreciate your patronage and confidence in the Lakeland Newspapers and promise to do our very best in bringing you current news about your neighbors in Lake County, in your schools, in your town, all along with the special features you enjoy every week.

Should you decide to beat the price increase, I welcome you to use the coupon located in this advertisement. But, please, renew or subscribe today because November 15, 1985, the new prices will take effect.

On behalf of our Lakeland Newspapers employees, I thank you for the pleasure and responsibility of providing you with Lake County's best news coverage.

Sincerely,
Bill Schroeder, Publisher

P.S.

If you subscribe or renew now, we'll give you a FREE GIFT! During this subscription drive we'll give you a handy drawstring tote bag, good for many uses, as our way of saying thanks for your confidence.

Ray Liotta finds that good work leads to bigger roles

By Constance Pace

Whatever becomes of ABC's "Our Family Honor," the hybrid crime show/nighttime soap that's been tossed into the killer time slot on Friday night (opposite "Miami Vice" and "Falcon Crest"), Ray Liotta, who plays police officer Santini, is already assured a place in acting history. In 1983, he became immortal by playing a vicious hunk who raped Pia Zadora with a garden hose in the all-time movie clunker "The Lonely Lady."

"That movie is a real cult film, especially in the movie business, where everyone seems to know it," laughs Liotta. "I keep getting recognized."

But Liotta's specialty has tended to be playing sensitive young men. His first major role — on the daytime soap "Another World" — was as teen Joey Perrini, who was part of one of the first ethnic (or non-WASP) families on daytime television. He stayed in that role for five years.

At first, he recalls, "It was a little role that the writers didn't know what to do with. Then it got bigger. My philosophy is, if you bring something to it, it will get added to." Joey Perrini became the show's first male ingenue and was involved in so many romances that by the time Liotta left, Joey, who was supposed to be about 21 years old, had been married three times.

As Santini, the young squad-car partner of Liz McKay (Daphne Ashbrook) on "Our Family Honor," Liotta is one of the few cast members who belongs to neither the McKay nor the Danzig families. But as the emphasis of the show has shifted from family soap opera to crime-filled drama, Liotta has seen his part enlarging. "We did one episode where I had to arrest my childhood best friend, and later we go undercover to arrest a yuppie murderer," he reports.

"I hope for everyone involved that this show is a success. If it isn't, I'll just go on to other episodics and, of course, features," Liotta says.

But as of this writing, there is no new Pia Zadora film on his schedule.

For "Honeymooners" fans, the week's "lost episodes" on Showtime include "The People's Choice," on Nov. 17 and 20, in which Ralph is urged to run for public office after he catches a wanted killer on his bus, and "The Adoption," on Nov. 21, one of the most famous of all "Honeymooners" episodes. (Ralph and Alice adopt a baby, but their joy is short-lived when the

baby's mother changes her mind and wants the child back.) Jackie Gleason, Audrey Meadows, Art Carney and Joyce Randolph star.

On Nov. 22 and 23, "Breaking Glass" is the "Night Flight" film for night owls on the USA Network. Hazel O'Connor stars as a young singer trying to work her way up the musical ladder in England.

YES, YOU CAN!

You may have seen many new satellite earth stations, or "dishes", installed in our area recently and asked yourself, "Are those dishes legal?" or, "Can I have one of those?" Well, happily the answer to both questions is YES. In 1984, the U.S. Congress approved home earth stations designed for the reception of satellite broadcasts. Not only are dishes legal to use, they are affordable, too. You can enjoy the freedom and wide variety of satellite television today.

Brown To Stress Student Viewpoint

A resident of Round Lake Beach is the newest member of the board of trustees of Lake County College.

She is Melody Brown, who collected the second highest vote total in Nov. 5, balloting with 19,917 votes or 23.51 percent of the total. It was her first try for elective office.

Richard A. Anderson of Grayslake, CLC board chairman, topped the vote getters who competed for three open seats. Voters selected from five candidates. Anderson pulled 20,044 votes, 23.66 percent of the total.

Atty. James Lumber of Round Lake, a veteran CLC director, rounded out the winners with 18,029 votes representing 21.28 percent of the total cast in precincts throughout that part of Lake County within the CLC boundaries.

Unsuccessful candidates included Dorothy Harnish of Grayslake, wife of a CLC faculty member, with 15,106 votes, and Ronald R. Coles of Lake Villa, a businessman and former chairman of the Lake County Board, with 11,634 votes.

In taking her seat as a CLC director, Ms. Brown will be able to draw on experienced gain as a student trustee. She campaigned on the fact that she was CLC student president and student director at the same time. She also called attention to the fact that at age 40 she was the oldest student to hold both offices.

Ms. Brown, who operates an inventory liquidation business from her home with her husband, Elliott, said she will continue stressing the student viewpoint.

She currently is studying at Lake Forest College.

CLC's Torregrossa Resigns For Truck Driving Job

Carol Torregrossa, for 13 years the director of the College of Lake County Child Care Center and the only director it has ever had, is resigning her position.

Torregrossa, who started the center at a Grayslake church in 1972, will join her husband as a truck driver in the truck they own.

"My children have grown and I began to feel lonely. So I am joining my husband on the road," says Torregrossa. She and her husband have purchased a new home in Arkansas.

When the first child care facility opened, there were about 20 children and the center was open three days a week. In its present facility, Building 13 on the Grayslake campus, the center serves about 75 children and is open five days per week.

Torregrossa, who holds a master's degree from the University of Illinois, plans to earn her Ph.D. and write a book about her experiences as a truck driver.

Travel Turkey Almost Became A National Symbol

by COLONEL BILL RADKE

Thanksgiving's "Over with the river and through the woods" theme came long after the Pilgrim's 1620 landing at Plymouth Rock.

It's probably fair to say, our Pilgrim forefathers were America's first tourists. Regardless of personal reasons, they came here expecting to see new sights, have new freedoms and experiences, eliminating hassle and meet new people. That's what most of today's tourists try to do.

We associate turkey with Thanksgiving. History tells us, to the point it almost became our national symbol, but bowed to the eagle. The Pilgrims featured it for their first annual Thanksgiving Day dinner.

with COLONEL BILL RADKE

Even today, turkeys are not the easiest bird to come by in the wilds. We hear little about England being a champion grower of turkeys. Our Pilgrim fathers probably knew more about turkeys than any other wild bird they encountered in their new country.

Guinness says, the most expensive turkey on record was purchased by the Covent Garden (London) poulterers for 2200 pounds (Sterling)...whatever that may have been at the time, it was a lot to pay for a champion stag turkey that weighed over 78 pounds (Turkey).

As further gobble confirmation, the world's largest turkey farm is in Great Witchingham, Norfolk, England, where 1600 workers tend about 6.4 million birds.

United Way Reaches

In the words of Larry Deans, chairman of the 1985 United Way of Lake County Campaign and vice president of Human Resources for American Critical Care, "So far, so good."

Deans addressed nearly 150 United Way supporters at the third campaign report meeting held at the Gurnee Holiday Inn, Nov. 5. Deans announced campaign results to date at \$1,941,315 - 61 percent of the \$3.2 million goal.

According to Deans, "We are right where we had wanted to be by this stage of the campaign. If our current trends hold, we will be at goal by Dec. 3, but just

barely. We need all the used to support nearly 90 human care service Funds raised through the programs throughout the United Way campaign are Lake County area.

New Medicare Changes For Handbook Listed

Many people in Lake County who are eligible for Medicare have been waiting for the 1985 edition of the Medicare Handbook. However, because of budget cutbacks and limited changes, new handbooks will not be issued to everyone.

You can update your old Medicare handbook by placing the attached list of 10 changes in it. This will help to save Medicare dollars and provide you with up-to-date information.

MEDICARE HANDBOOK 1985 UPDATE

- 1). Hospital Insurance (Part A) - 1985 deductible for 1st through 60th day = \$400.
- 2). Hospital Insurance (Part A) - 1985 coinsurance for 61st through 90th day = \$100 per day.
- 3). Hospital Insurance (Part A) - 1985 coinsurance for 60 reserve days = \$200 per day.
- 4). Inpatient Care in a Skilled Nursing Facility - 1985 deductible for 21st through 100th day = \$50 per day.
- 5). Hospice Care - For inpatient respite care, the beneficiary pays 5% of the cost, up to a total of \$400.
- 6). Assignment Rate List - Beneficiaries can find out approximately how often their doctor, or other doctors in their area, accept Medicare assignment by consulting the "Physician/Supplier Assignment Rate List" (PARL), at the nearest Social Security Office.
- 7). Participating Doctors & Suppliers - Due to a change in the Medicare law, doctors and suppliers can now sign agreements to become Medicare-participating doctors or suppliers. This means that they have agreed in advance to accept assignment on all Medicare claims. The names and addresses of Medicare-participating doctors and suppliers are listed in the "Medicare-Participating Physician/Supplier Directory." This directory is available for review in all Social Security offices and State and Area offices of the Administration on Aging. Also, this directory can be purchased from the Medicare carrier in your state.

Business Brief

Burton E. Hurley, Country Companies agent in the Lake County Agency, was awarded the coveted Chartered Life Underwriter (CLU) designation at the national conferment exercises of the American College of Life Underwriters in Orlando, Fla. earlier this month. Hurley, of Vernon Hills, has been a Country Companies agent since May 1978. The CLU Program was established to meet the professional education needs of the men and women who provide life and health insurance service for the public. It takes most candidates five years to complete the program.

Midlane Opens Doors Under New Owners

Earlier this month, The Midlane Club, located west of Delany Rd. on Yorkhouse Rd., opened its doors under the new ownership of George Kennedy, Tom Rosenquist, Jerry Zwolak and Howard Robinson.

Kennedy owns Kennedy Construction in Wadsworth, Rosenquist is owner of Lake County Grading in Libertyville, Zwolak is the former superintendent of parks and golf courses for the Waukegan Park Dist., and Robinson is currently the golf professional at Bonnie Brook Golf Course in Waukegan.

Robinson will be the director of golf beginning with the 1986 golf season, and Zwolak is the general manager.

The four Lake County partners have already begun

a major renovation program on the clubhouse facility. Many additional improvement and changes at Midlane are scheduled in the months to come, such as a new pro shop facility and lounge.

The golf course will be the focus of attention to make it a well-manicured, championship course.

In the past two weeks the sandtraps have already taken on a new look. One of the features on the drawing board for the course is island greens. A few holes will be moved in the future to accommodate homes overlooking the golf course.

The interior of the clubhouse will be remodeled from January through March. The main dining room is open and available for luncheon and dinner

banquets through the end of this year.

Reservations are being taken for 1986. A new Year's Eve party is being planned to not only say goodbye to 1985, but also to the "old" Midlane and welcome in the new year and new club.

Also under consideration is a health facility with a year-round indoor pool. A campaign seeking interested members will be underway shortly. Emphasis will be placed on the social atmosphere of the facility.

Kennedy and Rosenquist have also formed the Midlane Development Corp. Hundreds of acres of land have been purchased surrounding the golf course and along Delany Road.

Construction of homes at the Delany Road site is expected to begin shortly.

Anyone wanting more information about the Midlane Club and what it has to offer is asked to contact the general manager, Jerry Zwolak, at (312) 244-1990.

Dog Shows Are Fun, Toby's Angels Win

by CHARLENE WHITNEY There are dog shows and dog matches. The matches are much like the shows. They get the owners and dogs ready for the shows that go for points.

On Aug. 25, Toby's Angels went to a match just for the fun of it. In graduate novice, Angel got first place with a score of 196.5 out of a possible 200 points. Lassie got a second place with 156.5 points. Four other dogs were also in that class.

Sugar won first place in sub-novice. There were 24 other dogs. Of a possible 160, she got 156.5 points.

In matches and in the obedience class, there are sometimes other classes added for practice for the owners and dogs. These were two of the extra. Sometimes there will be an extra class of brace where two dogs are worked at the same time as a team.

In the obedience class, the dogs are expected to sit, stand, heel, come and stay and these are classed as

novice A or novice B. Novice A is for the first dog that you have worked in the ring. Novice B is for the owners that have had other dogs in the ring and gotten a C.D. title.

Open A and open B add even more obedience acts and again the A is for the first time in that class with a dog.

There are sporting dogs, toy breeds, hound breeds, working breeds, terrier breeds, non-sporting breeds, and a miscellaneous class.

In these groups, you find the breed of dog that falls in that group. It is divided into regular classes. They are puppy class of that breed, novice, bred-by-exhibitor, American-bred and open

3,000 dogs to start with, it may be one or two days before a final "best of show" dog is decided upon.

The reason for such dog shows is to improve the quality of all pure-bred dogs. Each of these breeds has its own "standard of perfection."

Often the obedience class will also be in the same dog show.

If you should decide to put your dog in a show, first try a couple of matches. It will get you and your dog used to the ring and the way things are done.

Keep your sense of humor, for this should be a fun hobby. Plan ahead, which matches or shows you will want to go to. Sometimes a dog club member can give you information to get you started on where and when the shows or matches are held. Also, you will find information in the magazines, Pure-Bred Dogs, and The American Kennel Gazette.

Be prepared by having a checklist of things to do and bring. There are some things that you will need to take to every show. Pack what you and your dog will need and make sure that you know where it all is when you need it. Get yourself and your pet

groomed and ready for the show with plenty of time to spare. Make sure that the car or truck you are going to use is in good working order and will get you to the show and back home.

You should have signed up for the show at least a couple of weeks in advance. Give yourself plenty of time to get to the show, unload, set up and groom your dog one more time before going into the ring. Relax and enjoy the show, and enjoy your dog as well. Find out when your breed is going to be judged. Oh yes, you may want to

take a good lunch along in case you want to stay close to the ring; however, food is available at the shows.

You may or may not win, but remember, you are there to enjoy yourself.

Agony Of Defeat

Kaempf Unexpectedly Blesses Panther Fans

by MIKE PRAMSHAFFER

A major part of the Round Lake Panthers' success this past football season was the play of senior Dave Kaempf.

Sure, the Panthers winning a share of the Northwest Suburban Conference was a team effort, but Kaempf emerged as an unexpected blessing in the eyes of Round Lake football followers.

After being absent from the Round Lake varsity football roster his junior year, not many people expected Kaempf to win the Northwest Suburban Conference Most Valuable Player (MVP) Award.

When the season started, Kaempf felt pretty good about himself and his abilities, but never thought his team was going to go as far as it did.

The senior split-end and kicker had a tremendous year with the Panthers, which sent eight of its players to the Northwest Suburban All-Conference squad.

He made eight of 11 field goal attempts on the year, including a 47-yarder, and eight of nine extra point attempts.

At the split-end position, Kaempf hauled in 27 passes for 401 yards, including three touchdowns (Antioch, Wauconda and Dundee-Crown).

Although he did miss field goal attempts of 55, 54 and 52 yards, the Panther believes he has the ability boot suc-

cessfully at that yardage.

Kaempf attributes a lot of his success to head coach Mike Dunn.

"Mr. Dunn is a great coach. He really cares for his players, which is very important, and he really knows how to pump us up before a game," Kaempf said.

Playing for a major college football team has always been a dream for Kaempf, but at the present time, he has no plans of college enrollment.

"I've always wanted to play for a major college football team and Coach Dunn is helping me find a school where I would be able to use my football skills," he said.

Kaempf said he learned his kicking skills from his father, George, who has a major interest in soccer.

"My dad has been a very influential person in my life. If it wasn't for him teaching me how to kick, the MVP award may not have been a reality," he said.

Falcons Shut Down Sequoit Passing

As if the cold rain on the afternoon of Nov. 9 wasn't enough to dampen the spirits of the thousands of enthusiastic fans in Antioch when the Sequoits played against Forest View in the IHSA quarterfinals, the final score that took the Sequoits out of state contention, was 16-7.

The strong defensive play by the Forest View Falcons on a very muddy field, served to upset Antioch's passing game and clamp down on quarterback Mike DoBosh.

DoBosh was in good form during the first half of the game, completing 10 out of 21 passes for 122 yards but he was stopped dead during the final half.

Forest View's pressure on the Sequoit wide receivers and ends and their double teaming served to turn the game their way.

Lack of good field communication may have hampered the Sequoits besides the weather.

But they did start out like gangbusters with Pat Bruks returning a 58-yard kick-off initiating Antioch's march all the way to the Falcon five-yard-line only to have the quarterback's next pass intercepted.

A Sequoit center-snap that sailed over Don Gunther's head was an eight-yard loss after which the Falcons scored.

Then DoBosh got hot and after three straight completions, Bruks took it over

for a touchdown from the 14-yard line.

An illegal participation penalty against Antioch for having too many players on the field, after they forced Forest View to punt from their own 40-yard-line, gave the Falcons a first down at the 45-yard-line that lead to a Forest View drive paying off in a 13-7 score.

Not capitalizing on a 15-play drive at the end of the half lost Antioch a chance to tie the score.

An interception of DoBosh answered by one made by James Zoepfel was about the last action to warm an Antioch fan's heart as Forest Views successful 32-yard field goal attempt iced the game for the boys from Arlington Heights.

Carmel For Boys Wraps Up Successful Season

Carmel High School for Boys will close its fall sports season at its fall sports awards night on Nov. 18.

In football, the varsity team finished overall with a score of 3-6, and came in 2-5 in the ESCC. A loss of two touchdowns during the entire season kept the Sophs. from having an entirely clean slate. The first loss went to ESCC Champions Marist High School with a score of 12-6. Carmel lost the game by one touchdown. The team suffered a second defeat in the last 10 seconds of its game against Joliet Catholic, 6-0.

The sophomore team finished 7-2 overall, and came in 5-2 in the conference.

The freshman football team had an overall score of 6-3 and 5-2 ESCC.

In varsity soccer, Carmel finished with an overall record of 9-9-2 and 3-3-1 in ESCC. Seniors A.J. Jackson and Matt Porten and junior Art Bustamante were named to the East Suburban Catholic All-Conference team. Seniors awarded honorable mention were Chris Manahan, Guy Iantoni and Dave Best.

The sophomore team came in 18-1-1 overall record, and won the conference, 6-0-1, for the second straight year. The freshman soccer team won the ESCC, 5-0-1, for the second year.

In golf, the varsity team's overall record was 3-9, and 2-5 in the East Suburban Catholic Conference. The sophomore team came in 7-0 overall record, and won the ESCC Championship for the

second time. They were second place in the Columbus Day tournament. Medalists were Sean McInerney, Chris Walsh and Arno Gartzke.

Rejc Resigns

James Rejc has resigned as Carmel High School for Boys' head football coach, according to Principal, Fr. Gregory Klein.

For the last five years Rejc said he has enjoyed being Carmel's head football coach, but that he now feels he is finished with coaching as he wishes to devote his energies to other work at Carmel.

1985-86 Hoop Campaign Should Be Exceptional

by MIKE PRAMSHAFFER

The 1985-86 varsity basketball season promises to be a good one with many athletes coming back from a strong year last year to close out their high school careers.

Among those top hoopsters coming back is Jay Retzinger, of Mundelein, who finished only second to Carmel's Brian Muellner in the county last season with an 18.5 scoring average.

Retzinger has his work cut out though in leading his Mundelein Mustangs to an above .500 season after finishing 11-13 overall last year, 9-9 in the North Suburban Conference.

Another heavy scorer that's back is North Chicago's Jarrod Coleman, who averaged 16.3 points a game last season.

Coleman sat out a lot of

last year's campaign due to academics but if he can play the majority of games for the Warhawks this season, they could be a dark horse in the North Suburban Conference.

In the Northwest Suburban Conference, Round Lake has Frank Ptak coming back for another year. This will be Ptak's third year on the varsity squad, averaging 14.9 points a game last year.

Under new head coach Bob Ward, the Panthers rebounded from a 1-24 season two years ago to an even 12-12 mark last year.

There are only two all-conference players returning for another year in the Northwest Suburban Conference: Ptak and Marengo's Carlos Velasquez.

This indicates that there

will be a lot of inexperience and new blood out on the hardwood this year, which might be interesting to watch.

In the North Suburban Conference, there are six all-conference players returning for another year: Retzinger, Coleman, Tony Bauernfreund of Lake Forest, Joe Seidel of Niles North, and Brian Jarrel and Joel Elfering, both of Warren.

The Warren Blue Devils will probably be the powerhouse in the North Suburban Conference this year, while the Northwest Suburban Conference is up for grabs.

Warren has two all-conference players returning, which is more than any other team.

TIME OUT!

A Look At Sports Around Lake County

By Joel Wiltberger

Warren and Antioch come to mind as perennial football powers with strong youth programs.

There are many pros and cons over youth programs. One of the main concerns parents have is the quality of coaching, another one is the emphasis on winning. I'm sure both have merit, after all you are dealing with people who volunteer their time, and as we all know, some of them are not perfect.

What distinguishes the Antiochs and Warrens is the attitude and concern toward their youth programs. If coaches in other schools would get more involved in these programs, they too would reap the harvest.

Youth football or any youth sport has one definite plus that far outdistances some of the negatives. It gives kids, no matter what their ability, a chance to play, to develop their skills, to be like their idols whom they watch on tv or in person, and a chance to wear a uniform and be involved in organized activities.

It also gives parents the opportunity to root for their sons and daughters in these activities.

I know of an 80-pound defensive halfback that just finished his youth career in football and the odds of him continuing in high school are not favorable, but he has the memories of playing an organized sport and his exploits on the field will grow as he does.

How many coaches of youth sports can relate to this comment made recently by an ex-youth player to his former coach, "You know coach, we didn't win too many games back then, but I sure had a lot of fun playing."

Maybe that's the reason youth sports are so important!

A Look Around The County:

With the Antioch Sequoits (9-3) being eliminated in 5A action, the Northwest Suburbans co-leader Marian Central (9-3) is the only team left with Lake County ties as they travel to Ottawa Marquette (11-1) Saturday in an IHSA 2A semi-final match.

The Round Lake Area Park Dist. youth football program will miss Jim and Mary Lou Bruenning next year. After spending over a decade with the program and as the guiding light in forming the Spartan Booster Club, the Bruennings have decided to follow their youngest son, Matt into the high school programs. The park district loss will be the high school's gain.

Anyone watching the premier of "Saturday Night Live" last week must have seen Round Lake Head Coach Mike Dunn's sister, Nora, a regular on the show, sport a "Panther" football jersey!

A Look Back:

In 1961, for the third straight year, Round Lake lost a title confrontation with the Lake Forest Scouts. The Panthers conference scoring leader Bob Perrone had to watch the 13-0 loss from the bench as he was sidelined with a broken arm suffered two weeks earlier.

Some of the all-conference picks that year were Round Lake's Perrone, quarterback George Sherman and a halfback from Lake Forest named Tim "Whiteshoes" Weigal (WLS-TV channel 7 sportscaster).

Junior Football Ends

by BOB SCHROEDER

The Junior Football League of Northern Illinois enjoyed an all-around successful year. In the semi-finals, Round Lake defeated Fox Lake 12-0, while McHenry beat Northbrook 49-6. In the championship game, McHenry whipped Round Lake 27-0.

Final standings for the 1985 junior football league campaign were: American division—Fox Lake, first; Round Lake, second; Antioch, third and Winnetka, fourth.

In the National division, McHenry had an outstanding season which included semifinals and league championship victories. Congratulations to them! Northbrook finished in second, Mundelein in third and Highland Park finished fourth.

All players in league should be congratulated for all their hard work, which began August 12.

Girls Close Season

Carmel for Girls didn't make the winning column in varsity volleyball this season, but will look forward to a stronger team next season when a number of players return, said Coach Jo Gerardi. The overall score was 4-12. "We are a young, inexperienced team at the varsity level, it was a growing year," she said.

In tennis, varsity captains were Rachele DeFilippis and Jenny Ward. Although the team did not have a winning record this season, one season highlight was the conference finish when Carmel's number one doubles team, Jenny Ward and Judy Nemanick placed second in a field of 34 doubles teams. Carmel finished in sixth place out of the 17 schools entered.

WTHS Golfer Places 24th

The Warren Twp. High School golf team awarded senior Joe Pollack 'Most Valuable Golfer' for being the school's first male golfer to qualify for state finals.

Senior golfer Pollack shot 77 and 80 in the final rounds, finishing with the 10th lowest score. His nine-hole average was about 40. However, due to the many ties amongst about 160 competitors, Pollack placed 24th.

In WTHS golf history, outstanding golfers from the

girls' team qualified for the state finals. Three years ago, Donna Ward finished 14th in the state.

Two other outstanding golfers of the season were juniors Don O'Machel, with a nine-hole average of 43, and Charlie Pecaro, averaging 44.

The team's overall season record was 6 wins and 6 losses. In the North Suburban Conference, they won 3 and lost 5.

New Rule Compliments Low Income Utility Customers

The Illinois Commerce Commission has adopted an emergency rule that will allow low income utility customers to pay 12 percent of their monthly income for electric and gas service, beginning Dec. 1.

The rule is designed to prevent utilities from disconnecting service to low income customers, especially during the winter months, as long as the customer pays at least 12 percent of his monthly income toward the bill.

The rule directs that the eligible low income customer pay -- 12 percent of his or her monthly household income to the public utility that provides the primary source of heat and secondary utility service; or

-- eight percent of his/her monthly household income to the public utility that provides the customers' primary heat source and four percent of his/her monthly income to the public utility that provides the customer's secondary utility services; or

-- eight percent of his/her monthly household income to the public utility that provides the primary source of heat when the company or other person who provides the secondary utility service is not regulated by the commission; or

-- four percent of his/her monthly household income to the public utility that provides the secondary utility service when the company or other person who provides the primary source of heat is not regulated by this commission.

To be eligible for the payment plan a person must be a public utility customer or an applicant for utility service and be eligible for the Illinois Home Energy Assistance Program (IHEAP), administered by the Illinois Dept. of Commerce and Community Affairs.

During the summer months, May 1 through Nov. 30, customers on the affordable payment plan will be required to pay 12 percent of their monthly household income or the actual bill, whichever is greater.

The commission directed utilities to notify all of their customers about the plan.

Camp To Collect Food

The Camp Fire Girls and Boys of the Lake County area will be collecting food baskets for needy people in their communities. Food baskets are to be delivered before Thanksgiving. For more information, call 356-1201 from 1:30 to 4 p.m. on Tuesday or Friday. People can drop off food at the office at 305 S. Granada Blvd., Lindenhurst.

Commission Chairman Philip R. O'Connor said low income customers need not fear a loss of electricity or gas this winter with this new program.

"This program provides that low income customers may pay a reasonable and manageable proportion of their monthly income for utility service so that that service won't be interrupted during the coldest, harshest season of the year," O'Connor said.

Adoption of the rule outlining the terms of the affordable payment plan

follows action by the General Assembly last spring to establish a fair and equitable payment program for low income utility customers.

Governor James Thompson amended the legislation somewhat in September and directed the commission to draft and adopt rules to govern the program.

Last winter the commission adopted a resolution urging all Illinois gas and electric utilities to reconnect the service of all former residential heating customers under a similar 12 percent payment plan.

Bad Weather Doesn't Deter 542 Runners

A cold and dreary day could not deter 542 runners, all members of area corporations' running teams, from toeing the mark in the

Liberty Corporate Road Racing Championship.

Of the group, 410 runners reached the finish line in this sixth annual 5,000 meter run, sponsored by The Medical Center of Lake County and the Liberty Road and Track Club.

The top five teams to take home awards were Tenneco/Midwest Running Club

of Evanston with a total of 3,190 points; Abbott Laboratories of North Chicago, 3,120 points; G.D. Searle of Mundelein, 2,780 points; The Medical Center of Lake County of Libertyville, 2,680 points; and Signode of Glenview, 2,660 points.

In the male division, the first five individual winners were Dan Dwyer of NCR (Mundelein); Alex Posner of Fit Fleet (School District 113); Cyrus Johnson of Signode; Mike Costigan of Abbott Laboratories; and Dick Mitchell of Tenneco.

Individual female runners to place in the top five were Peg Cronin, Dean of The Medical Center of Lake County; Pat Frank and Carolyn Blanckmeister, both

of Abbott Laboratories; Sue Newstat of United Conveyor (Deerfield); and Sue Behringer of Allstate, (Northbrook).

NCR of Mundelein took top honors for having the most runners with 137 team members. More than 30 area businesses, institutions and corporations took part in the Corporate Run.

ACHS Frosh Third

Sixty nine freshman turned out for the opening of the 1985 football season at Antioch High School. Several players elected to leave the squad for various reasons prior to the conclusion of the season. With one player being cut for safety reasons and two players being moved up to sophomore level, the team finished the season with 50 solid players.

According to the frosh coach Del Pechauer, "This team has gained a lot of experience fundamentally. Practicing daily with the sophomore players helped in that area and the effort this team made to improve week after week was also a key.

The Sequoia frosh finished the year with a 6-3 record which was good enough for third place. Keeping in mind there was a tie for first place, this team is definitely a major force in the North Suburban Conference.

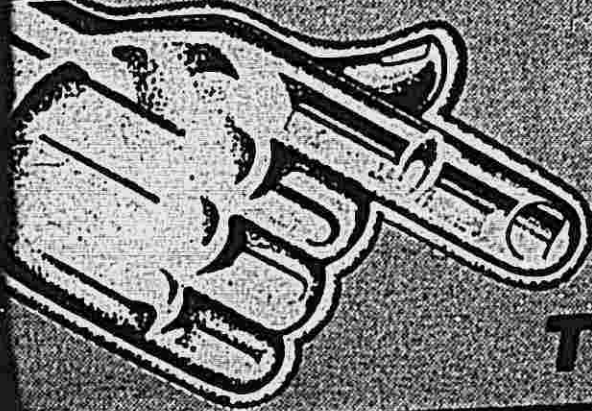

Athlete Of The Week

Dobosh has been selected as the "Athlete of the Week" for the week of Oct. 30 to Nov. 3 for his performance in the two state football playoff victories over Lake and Deerfield. Mike completed 28 of 53 pass attempts for 299 yards in two games. Sophie Burdick, on behalf of Great American Federal Savings, is contributing \$100 to the Parent-Teacher Scholarship fund in Mike's name. Honor Volunteers For Contributions

Connection Telephone Counseling, Information and Referral Service, Lake County's only 24-hour crisis intervention, information and referral service, held its Annual Dinner Meeting and Recognition of Volunteers in October.

Gene Woods, Marge Wellens and Dr. Linda Wetherbe, of Grayslake, Betty Brown of Gages Lake and Mary Ann Urbaitis of Wildwood were honored for their contributions of "an exceptional nature" along with many other volunteers from Lake County.

In operation for 12 years, Connection's volunteers

have been handling calls regarding depression, loneliness, suicidal thoughts, rape, child abuse and sometimes simply a need for information and referral concerning services available.

Last year, volunteers processed over 18,000 calls.

There is no charge for this service. Telephone workers serve as an ear to people who need to share a problem and a voice to those who need to know that someone cares.

NEXT WEEK'S HOROSCOPE

Aries (Mar. 21-Apr. 19) You have a lot to say, but it would be best not to say anything until you've heard the other story first. Your words are most effective when they effect understanding.

Taurus (Apr. 20-May 20) Less fudging and judging are in order. Make a decision that shows a loved one you really care enough to take a stand in his/her behalf. Decisiveness ends derisiveness.

Gemini (May 21-June 20) Some loose tongues are wagging again, but keep cool. The hot air dissipates when no one adds to it. Staying above the fray avoids friendships with fraying edges.

Cancer (June 21-Jul. 20) Don't expect instant return on your affection investment. This is a time when Cancerians are likely to run into emotional obstacles not of their making. Be patient.

Leo (Jul. 21-Aug. 22) Wake up and smell the catnip. Listening to gossip has you worried for nothing. If you still have doubts, have a frank talk with the person who knows the truth.

Virgo (Aug. 23-Sept. 22) Don't let self-doubt get you down. This temporary pause in your push forward has nothing to do with your efforts. When it's over, you can move on to your goals.

Libra (Sept. 23-Oct. 22) Make needed changes you've put off for too long. Sticking too close to old habits can keep you stuck in one place. You have friends ready to help you get started again.

Scorpio (Oct. 23-Nov. 21) A talent you thought you'd never put to the test turns out to give you a leg up on a new career direction. Use it wisely. Domestic situations pick up as well.

Sagittarius (Nov. 22-Dec. 21) A person you counted on may let you down. But keep cool, even if your anger is red hot. Your calm attitude wins you an ally who proves to be strong and loyal.

Capricorn (Dec. 22-Jan. 19) Holiday expenses threaten to get out of hand. The temptation to be capricious with the expected bonus checks should be checked. Avoid impulse purchases.

Aquarius (Jan. 20-Feb. 18) Don't feel guilty about asking others to share the holiday work load. Most people will be delighted to help. Watch your budget. There's a tendency to overspend.

Pisces (Feb. 19-Mar. 20) Holiday time is ideal for making a splash. Don't put off making your plans if you want to get on with your goals. Changes in relationships start showing up soon.

Grandpa's Philosophy Hits Political Target

JOHN STEINKE
Recently, I authored a column declaring: "The only motivation of any politician is getting into office and holding it. Candidates only love us for our votes." I concluded: "Most officeholders are motivated by greed, power, and ambition."
My observation inspired Avon Twp. Clerk Virginia K. Harrington to criticize my column in correspondence to Lakeland newspapers. She wrote, "I am an elected official and feel politics is an honorable profession. I am an elected official because I honestly feel I can make a contribution to my community."

Steinke On Politics

Harrington continued, "No wonder citizens are reluctant to become involved in politics when an influential columnist...trashes politicians in such a spiteful article. I respectfully disagree with the article. I hope that...the readers of his column will find more inspiration in present and future leadership than Mr. Steinke will instill in them."

Yes, Virginia, there was an honorable politician. That was my late grandfather, John F. Mueller. He was a Fort Atkinson City Councilman. Later he was vice chairman of the Jefferson County Board for many years. As a boy, I absorbed his political philosophy, which I will share with in this column.

Here are some samples of my late grandfather's political wisdom. "Run like you're behind and act like its your last term-in-office." You must never take the voters for granted in an election. There is no such thing as a token opponent. You must always wage an aggressive campaign. A public official must never be afflicted with overconfidence in an election campaign.

Once elected, you should think of the next generation rather than the next election. My grandfather said that a successful politician was one who left a legacy of policies beneficial to future generations. He admitted that your constituency might hug its prejudices to its breast and vote you out of office because it didn't share your longterm perception of the issues. He contended that "it was better to lose an election than lose your soul."

My grandfather really disliked crooked politicians. Often times, he would thunder: "I know how to get rid of political corruption. let's impose the death penalty on any politician, who steals more than a nickel." My grandfather frequently reflected: "We are all born naked, and the only thing we're buried with is our reputation. It's your integrity, and how you've touched people's lives that really matters." He laughingly remarked, "When they plant you, they don't sew pockets around your casket. Crooked politicians are buried just like honest paupers."

Finally, my grandfather reminded me that when you go into politics, you will probably be defeated for office. Politicians are elected to office by poor sinners just like themselves. Therefore, my grandfather commented, "A public official should accept victory with humility and defeat with dignity."

Any further questions, Virginia?

Starting Out...Starting Over... Or Starting A New Job...?

There are a lot of reasons why people decide to rent instead of buy. For one thing, a good credit record isn't that easy to establish these days. If you're just starting out, chances are you've never needed credit before now - and you probably don't have a lot of money saved up, either. If you're "starting over" - well, that's difficult enough in itself, without the added weight of credit hassles and long-term commitments. And if you just started a new job - even though you may be making more

money - you may still have trouble getting credit, because most credit agencies put a great deal of importance on how long you've been at your job. That's why, with or without a credit record, we've made it so easy for you to RENT the things you want from RENT-A-CENTER - and still have the option to own! So don't let the high cost of buying get you down: Step up to RENT-A-CENTER today - and have the things you want delivered to your home tonight!

6th County Rep Backing McConnell

Wauconda Village Clerk Venita McConnell has picked up her sixth endorsement from a Lake County Board member in her campaign for the Republican nomination for Lake County Clerk in the 1986 primary election.

McConnell gained the support of Dist. 1 Rep. Deloris Axelrod of Highland Park. Mrs. Axelrod joins former County Board chairman Glenn E. Miller, Forest Preserve President Donald Strenger, along with Dist. 6 Representatives C. Richard Anderson, Jerry Beyer and Pat Wilson in recommending McConnell's candidacy.

Axelrod asserted that Venita L. McConnell "understands there is more to elected office than cam-

paigning. To really win, one must have the skills to do the job once elected." She continued, "the County Clerk's office provides some of the most visible and most sensitive public contract services of the \$100 million business known as Lake County government. Venita's 16 years with Reliance Glass Works, Inc.,

manufacturers of laboratory glassware, will serve the public well in her dealing with the business of government and the needs of individuals....In business,

Santi Places Delinquent

After a lengthy Juvenile Court hearing, Lake County Associate Judge Emilio Santi placed the first juvenile delinquent in the new "get tough" Juvenile Intensive Probation Program.

The new program, patterned after the Adult Intensive Probation Program, affords the Juvenile Court Judge an in-depth dispositional alternative for young, non-violent delinquent youths.

In ordering the 16-year-old burglar into the program, Judge Santi informed the youth of the program's rules, which will include an initial 15 days in detention at the Hulse Juvenile Complex, followed by probation supervision which will include

multiple unannounced visits from his probation officer and a strictly enforced curfew.

The youth will also have to attend a Lake County Alternative School Program, and undergo drug and alcohol counseling and treatment. He must also perform 50 hours of public service and make restitution to the victim.

Participants will spend a minimum of eight months on the program before being transferred to regular probation.

Benefit Elderly

The elderly and others with serious health problems who live alone can benefit from Medcall, a new service offered through Condell Memorial Hospital as part of its outreach services.

Medcall allows people to call for help in a medical emergency even when they can't get to a telephone. The service enables many older persons to keep living independently and eases the worries of those who care about them.

Convalescents can also use the program for as long as they need it.

The Medcall user wears a small pendant-style transmitter and simply pushes a button in case of trouble, sending a distress signal to a Medcall response center manned 24 hours a day by trained professional staff.

One of these operators immediately calls a family member, friend, neighbor or emergency service selected by the Medcall user as an emergency contact.

The fees for the Medcall service include both installation in the home and the first three months of use. For specific information and a brochure, call the Home Health Care department, (312) 362-2900, ext. 5438.

Raise Money For United Way

A crowd of United Way of Lake County volunteers gathered at the Holiday Inn, Gurnee on Oct. 22 to participate in 1985 campaign report festivities.

Larry Deans, 1985 campaign chairman and vice president of Human Resources for American Critical Care announced that campaign results to date were \$1,496,758 or 47 percent of the \$3,200,000 goal.

"This year's campaign volunteers are really making the difference in our efforts to achieve a very aggressive campaign goal! And if we can maintain this level of enthusiasm we have a good chance of reaching our goal."

Commander of the Great

Lakes Naval Training Center, Commodore Roberta Hazard, attended the festivities along with members of her staff involved in the Combined Federal Campaign (CFC). Each year the CFC, supported by both military and civilian federal personnel, contributes a substantial number of dollars to the United Way of Lake County.

Commodore Hazard and her staff were honored for their strong support of the local United Way campaign. And in her comments to the group, Commodore Hazard reiterated that support saying, "your community is our community."

Several other area com-

panies were singled out for special recognition for outstanding campaigns, including the following: Goelitz Confectionery, an employee gift of \$4,010, a 127 percent increase; First National Bank of Antioch, an employee gift of \$1,162, a 68 percent increase; North Shore Gas Co., a combined corporate/employee gift of \$42,373, which represents an outstanding per capita gift of \$188.32; American Critical Care, a combined corporate/employee gift of \$30,924, a 16 percent increase; American Information Services, a combined corporate/employee gift of \$65,570, a 45 percent increase.

tology, Victory Memorial Hospital; Raeann Fuller, R.N., CCRN, project director, EMS/MICU, also from Victory; and Barbara Haley, R.N., B.S.N., M.A., director, Health Facilities Division, Lake County Health Dept.
